

National Resistance In Shanghai Collapses

All Of Giant China City In Red Hands

Shanghai, Friday, May 27—(AP)—The battle for Shanghai ended today.

The last organized Nationalist resistance collapsed. All of the world's fourth largest city belonged to the Chinese Communists.

Government troops who had held out for two days in buildings along Soochow creek in the heart of the city gave up. A handful of Red soldiers marched them off to prisoner of war camps.

Some 1,000 Americans and other foreigners were freed from buildings where they had been trapped during the sharp fighting for the Soochow bridges leading to the northern part of the city.

Report Woosung Fallen

Reports impossible to confirm said the fortress of Woosung, 10 miles to the north, had fallen. At least the terrific cannonading of the past few days on that front had ceased.

These reports said at least 15,000 Nationalists had been captured.

(This would indicate that at least part of the Shanghai garrison made good its escape by sea. While its size is not known, it was far larger than 15,000. Furthermore, Woosung itself was heavily garrisoned.)

(In far-off Canton, the refugee Nationalist government is expected to decide soon whether to move to Chungking, the old wartime capital in western China, or to the island of Formosa, a dispatch said.)

The Nationalist holdouts along Soochow Creek had been hopelessly outflanked by Red troops who circled wide and came in at the rear of the positions.

Soldiers Want To Go Home

Nationalist soldiers on Szechwan bridge, one of the major points of resistance, were reported demanding assurances they would not be forced into the Red army. They said they were tired of war and want to go home.

Most of the government soldiers are farm boys who seem to know little about war.

Earlier, several hundred Nationalists in the city post office a block from the Broadway mansions ran up the white flag. The Reds took over the building, a strong point in the Soochow Creek stand.

While interminable dickerings went on, the whole city was quiet for the first time in days.

The silence, though strange, was welcome to Shanghaians who had had enough bullets and booms to last a lifetime.

A quick survey showed foreign civilians were remarkably lucky along Soochow Creek. No civilians were injured in the Broadway mansions although all were shaky from the pounding. The building had been hit by mortar and rifle fire.

Won't Charge To Play Bingo: Will Accept Donations

Rock Island, Ill., May 26—(AP)—A man whose bingo game was shut down by the sheriff said today he plans to reopen but won't charge to play. However, he said he will accept "donations."

Sheriff's deputies shut down Emil Selhost's bingo parlor March 16. A gaming charge against him is still pending. He has moved that it be dismissed.

Selhost said his new place will be operated on a "club membership plan" by a group called "The Playmore Social Club." Selhost said he is vice president of the club. He added:

"We will be operating legally by not charging money for playing games. Between 30 and 32 games will be played in an evening. Cash and merchandise prizes valued at \$2 and up will be awarded.

"A box will be placed inside the building to receive donations from members."

State's Attorney Bernard J. Moran was advised of Selhost's plan. He said: "Paying a price, directly or indirectly, for the privilege of taking part in a game of chance for a prize, constitutes gambling."

TURKS, POLICE CLASH IN MIDTOWN ISTANBUL

Istanbul, Turkey, May 26—(AP)—Violent clashes with police occurred tonight in the midtown European section of Istanbul. They followed a huge demonstration protesting Turkey's loss of a soccer game in the Mediterranean competition at Athens, Greece, Friday.

Serious injuries appeared to be few after the demonstrators had been cooled off.

It was the worst manifestation of anti-Greek sentiment here in more than 25 years.

Truman States Atomic Program In Good Hands

Washington, May 26—(AP)—President Truman today went to the defense of atomic chief David E. Lilienthal, charging that Lilienthal's critics are engaging in "pre-election campaigns" and endangering the "integrity" of the atomic energy program.

"It is time people stopped setting hysterical when the word atom is mentioned. The plain fact is that the atomic energy program is in good shape—and in good hands," the president said in a statement read at his news conference.

Several members have demanded that Lilienthal, chairman of the Atomic Energy Commission, resign. They have charged gross mismanagement, saying among other things that insufficient measures were taken to protect atomic secrets.

Appearing before a Senate-House investigating committee today, Lilienthal testified in response to questions that the AEC unanimously cleared two scientists for atomic work after the AEC's own security officer turned thumbs down on them.

Lilienthal named the men as:

1. Dr. Edward U. Condon, chief of U. S. Bureau of Standards.
2. Dr. Frank Graham, now a democratic senator from North Carolina, former president of the University of North Carolina and former head of the Oak Ridge institute of nuclear studies.

Senator Hickenlooper (R-Iowa), who is pressing the demand for Lilienthal's ouster, had this to say of Mr. Truman's remarks:

"The president is certainly entitled to his own opinions. His knowledge of the program, of course, comes from the commission chairman's reports."

"I have entire confidence in Mr. Lilienthal," Mr. Truman said. "He has done a good job."

Meanwhile, on the Senate floor, Senator Cain (R-Wash.) rekindled the long-standing controversy over civilian or military control of the atomic program.

Senate Approves Bill To Improve Unification Law

Washington, May 26—(AP)—The Senate tonight stamped its approval on legislation aimed at correcting "certain weaknesses" in the unification of the army, navy and air forces. Action was by a voice vote.

The legislation, which now goes to the House, was first urged by the late James V. Forrestal, first secretary of national defense, after he tried for 13 months to coordinate the three defense forces into a single team.

In general it provides broader and more definite powers for Louis Johnson and others who succeed him as secretary of national defense.

Sponsors also claim that fiscal and spending reforms, written into the bill, may save from several hundred millions to a billion and a half dollars annually in defense costs.

The Senate defeated a series of amendments by Senator Morse (Ore.) to give the defense secretary a free hand in actual merger of the nation's fighting forces.

State Senate Asks Highway Division Its Spending Plans

Springfield, Ill., May 26—(AP)—The Illinois Senate today asked the state Highway Division to tell the legislature its road construction spending plans for 1949.

Senators voted to have highway engineers present their program on Tuesday.

The action came in a Senate hearing on the division's appropriation request of about \$144,000,000 for the two years beginning July 1. Of this sum, about \$90,000,000 will be used for construction. The figures include federal aid grants.

Senator Wallace Thompson (R-Galesburg), majority leader, said the legislators should know where the division plans to use the road money.

Vernon Glover, assistant chief highway engineer, said he would list the division's tentative program.

Senator Simon Lantz (R-Congerville) opined that if the legislature were to know where the roads are to be fixed, "it might wind up in political logrolling and pull regardless of engineering needs." Lantz said the division's plans should not be subject to legislative approval.

Ford Strike End Hinges On Plant's Peace Proposal

Detroit, May 26—(AP)—Quick settlement of the three-week-old strike hinged today on a new company peace bid.

Precise nature of the Ford Motor Company's proposal was not disclosed but it was presumed to be Ford's counter-proposal to the CIO United Auto Workers' plan for arbitration of the strike's key "speed-up" issue.

Today's company-union bargaining session was cancelled to give Ford more time to prepare its answer. Another conference was set for 9 a. m. (CST) Friday.

A union spokesman said the company had promised to have the proposal in UAW hands tonight, for study. A union plan for arbitration was rejected earlier this week by Ford officials.

The dispute is over allocation of manpower on assembly lines at Ford's big Rouge and Lincoln-Mercury plants here.

Symington Denies Rumors That He Will Quit Office

Washington, May 26—(AP)—Air Force Secretary Symington today said that reports that he is planning to resign and head a huge aircraft combine after congress approves funds for more B36 bombers are obviously and demonstrably false.

Rep. Van Zandt (R-Pa.) had said from the House floor that a proposed investigation by the House armed services committee should take cognizance of such reports.

Chairman Vinson (D-Ga.) of the armed service committee meanwhile promised a searching inquiry into the air force's B-36 bomber buying policies.

Vinson made his announcement after Van Zandt had offered a resolution for a special committee investigation.

In addition to mentioning Symington, Van Zandt also said that "unusually large contracts" for the big bomber have gone to the company which Secretary of Defense Louis Johnson served as a director until recently.

MARTHA VICKERS DIVORCES

Las Vegas, Nev., May 26—(AP)—Actress Martha Vickers was awarded an uncontested divorce from Hollywood publicist A. C. Lyles today. Actor Mickey Rooney, outside the courtroom, told newsmen he planned to wed her June 3 in California.

BONUS CHECKS

Chicago, May 26—(AP)—The Illinois Service Recognition Board yesterday mailed 300 bonus checks to veterans with a total valuation of \$104,498.15. To date, \$51,218 checks, valued a total of \$310,881,235.72, have been mailed to Illinois claimants, Embassy in Moscow.

MOVE TO REVIVE BILL TO SELL COLORED OLEO

Springfield, Ill., May 26—(AP)—A move to revive a bill that would permit sale of colored oleomargarine in Illinois was announced today by Rep. Paul J. Randolph (R-Chicago).

Committees of both the Senate and House have turned down proposals to repeal the 52-year-old prohibition against colored oleo sales.

Randolph said he will call upon the House next week to discharge its Agriculture Committee from further consideration of the oleo bill now before it, and to put the bill on the calendar for full House action.

Truman Says Congress Will Stay Until Job Is Finished

Washington, May 26—(AP)—President Truman said emphatically today that Congress should stay on the job until it finishes the work he gave it, and he doesn't care how long it takes.

He told a news conference he believes Congress is making progress, but that it should remain in session beyond the tentative adjournment date of July 31 if necessary to act on his program.

Anticipating questions about the congressional investigation of the Atomic Energy Commission, the President had ready a prepared statement.

He said he had complete confidence in Chairman David Lilienthal, that he has done a good job, and that it is time people "stopped getting hysterical when the word atom is mentioned."

Most of the interview today was given over to the legislative outlook. Newsmen had gained the impression Tuesday from Senator Lucas, of Illinois, Democratic floor leader, that the Taft-Hartley Act repeal, Reciprocal Trade law extension and the North Atlantic Pact were the only major measures on the Senate's "must" list for this session. Indications were that much of the Truman program would go over until next year unless a special session were called.

The President said Lucas told him that not all of his interview was printed. He added both Lucas and House Speaker Rayburn had reported there were many more items on the calendar and it might be necessary to extend the session to get action on them.

That's the way he felt, too, Mr. Truman said, adding he had not given up hope of getting higher taxes this year.

He said he personally has no priority list for Congress, that he's still for the entire program he presented. He said Congress ought to finish the job and he thinks it will.

Lewis Takes Union Out Of Contract Talks With SCPA

Bluefield, W. Va., May 26—(AP)—John L. Lewis uncorked a sharp thrust at the Southern Coal Producers association today, threatening its effectiveness in any future contract talks.

He took his United Mine Workers negotiators out of a conference with the SCPA for a full week, demanding that the operators prove their tonnage strength in the meantime.

Noting that two more big producers bolted the conference in the last 24 hours, Lewis bellowed at SCPA President Joseph E. Moody:

"The association needs the next week to reorganize their shattered forces or permit them to fall apart more rapidly."

Scores of miners in the crowded hotel auditorium roared approval and followed him from the hall. He said they'd be back next Thursday, and insisted "we are not waiting out."

He left at once for Washington.

The shaggy-haired mine leader threw away the kid gloves he has used up to now, and lashed out at the Southern associations' leader, Joseph E. Moody.

Medina Threatens To Jail Defendant For Rest Of Trial

New York, May 26—(AP)—Federal Judge Harold R. Medina cut off a barrage of defense protests in the communist conspiracy trial today by threatening to keep one of the defendants in jail throughout the trial.

The judge leveled the threat at City Councilman Benjamin J. Davis, Jr., one of 11 high communist leaders on trial.

The judge explained later that he has power to revoke the bail of a defendant and hold him in jail for the duration of the trial, with the defendant appearing in court during the proceedings.

The trial now is 19 weeks old and is expected to last at least two more months.

The clash came after Medina declined to admit in evidence a document described only as having been written in Spain "on the occasion of the July 4 (1938) anniversary of American Independence."

Davis, a negro attorney, rose to protest also and the judge advised him to let his attorney speak for him in court. Davis replied:

"It's pretty hard for the defendant to sit here like bumps on a log x x x while the court cuts the guts out of the defense," the councilman replied.

Charges Bids Not Taken When State Bought Food In '48

Springfield, Ill., May 26—(AP)—The state purchasing agent said today that the previous state administration bought more than a million dollars in produce and food staples from two Chicago firms last year without taking bids.

William McKinney, who took over as purchasing agent in March, said the transactions were "illegal from the standpoint that the awards were not made in compliance with state statutes."

The law requires competitive bidding on commodities other than perishables, McKinney said. Emergency purchases are excepted.

He said the contracts were awarded during the tenure of McKinney's Republican predecessor, Walter Youngberg of Elmhurst. Youngberg served under Gov. Dwight H. Green. McKinney is an appointee of Democratic governor Adlai Stevenson.

McKinney told a reporter he didn't "know why it happened. It could have been any one of a number of reasons."

Rita And Aga Khan Calm; Aly And All Others Nervous

Cannes, France, May 26—(AP)—Rita Hayworth and her prospective father-in-law, the Aga Khan, were among the calmest people on the Riviera tonight as the marriage of the movie star to Prince Aly Khan drew near.

The ceremony will take place shortly before noon tomorrow in the town hall of Vallauris. (The French pronounce it Vall-ho-reece). Workmen were busy tonight tidying up the building.

Fashionable Cannes was as excited as an American city on the eve of the opening of a world series.

Prince Aly himself was visibly nervous, neglecting to finish sentences. Matching him in nervousness was Paul Derigon, 48-year-old communist mayor of Vallauris.

The mayor was wearing out pencils writing a lecture he will be privileged to deliver to the couple tomorrow. It is quite an opportunity for a provincial mayor and Derigon (pronounced Dare-eh-go) is bent on making his lecture a fine one.

Reports Lampreys Threaten Fishing In Inland Waters

Waukegan, Ill., May 26—(AP)—The blood-sucking sea lamprey, once known only in the ocean and Great Lakes, now has invaded inland waters, a commercial fisherman said today.

Mathon Kyrtis, president of the state of Illinois commercial fishermen, said lampreys—which prey on other fish by sucking their blood—have been found for the first time this year in inland lakes and rivers in Illinois and nearby areas.

The eel-like lampreys have "all but destroyed" commercial fishing in the great lakes and now threaten fishing as a sport, Kyrtis said.

He stated that lampreys had been found this year in Channel Lake at Antioch, Ill.; in the Fox river at McHenry, Ill.; in the Calumet river and in the Mississippi.

Some have been inadvertently transported from the Great Lakes by commercial bait fishermen, who seized baby lampreys in their minnows and unknowingly turned them loose in inland lakes. Kyrtis said. Others have travelled upon streams and tributaries to reach sportsmen's fishing grounds.

COURTS BROKE; MAY HAVE TO CLOSE

Belleville, Ill., May 26—(AP)—St. Clair county courts may be forced to close doors unless an answer is found to a knotty financial problem.

This situation came to light today in a survey showing that the appropriation for payment of fees to grand jurors is overspent and that only a small amount remains in the fund for petit jurors.

County auditor Leonard Reinhardt said he would not sign vouchers for payment of any amount exceeding the appropriation fixed by the county board of supervisors.

The county board of finance and claims committee announced it would not approve any claims in excess of the appropriation.

RELEASE VON RUNDSTEDT

London, May 26—(AP)—The war office said tonight Field Marshal Gerd von Rundstedt was released today from military custody in a British military hospital in Ham-burg.

War crimes charges against Von Rundstedt—one of Adolf Hitler's leading generals—are being dropped by the British because he is considered too ill to stand trial.

KILLED IN FALL

DeKalb, Ill., May 26—(AP)—Mrs. Mary Elizabeth Weitz, 76, was killed today in a fall down stairs at her home.

USSR Proposes Big 4 German Control Board

RY Strikers Will Tie Up Traffic In Berlin

Berlin, May 26—(AP)—Railway strikers said tonight they will continue to tie up all rail traffic in west Berlin yards.

Strike leaders resounded an earlier order which would have permitted movement of four allied military passenger trains stalled at strike-bound Wannsee station.

A young American officer had succeeded in getting Karl Hennig, a district strike chairman, to agree to move the four trains. But higher union officials said he acted "contrary to strike orders" and overruled him.

The strikers indicated they would not relieve the logjam unless they got specific orders from the western allies to do so. This did not appear to be forthcoming.

Thus the latest developments shut off any early hope that 31 Berlin supply trains with loads including 16,800 tons of coal would move from their stalled positions on Soviet zone tracks.

Rail traffic to Berlin from the west has become increasingly snarled since 12,000 members of the anti-communist UGO (independent labor organization) went on strike last Saturday against the Soviet-controlled railroad in Berlin.

Riots have ripped the city and two demonstrators were killed in fights with Soviet zone railway police in efforts to seize railway stations.

The strikers now control the switches and rail installations while western Berlin police man the 67 stations in the western sectors of the city. The western police and strikers moved in after the Soviet zone railway police were evicted Tuesday on order of the western military commandants.

No end of the strike appears in sight.

The strikers have turned down one offer by the Soviet-controlled railway to pay them in west marks, which have four times the value of Soviet zone east marks.

Delegate Says Meet Is Just Like Others

Paris, May 26—(AP)—Russia proposed to the foreign ministers' conference today that a high ranking German control board be formed to run the conquered country—but that each of the big four should retain a veto over it.

Soviet Foreign Minister Andrei Vishinsky also gave an economic look behind the iron curtain which western observers at the meeting said left the western ministers skeptical and even humorously misbelieving.

This was the fourth session of the council. The sessions have become progressively longer since the first one.

"It is getting to be just like old times," an American delegate commented in describing the session, which ran for nearly four hours in the pink marble palace near Paris' famous Bologne woods.

Western Picture

Western spokesmen gave this picture of the meeting:

The clash of East and West seemed to be increasingly cold, save for the brief look into eastern Germany given by Vishinsky.

His talk represented a change of tone in one respect. His proposal for a high ranking council of Germans to administer many political and economic functions apparently was intended to win German favor for Russia's proposal to restore four-power control.

The American, British and French delegates met it head on by saying they would have none of any type of control which hampered the new western German government.

In two long speeches during the afternoon, Vishinsky defended the veto and talked highly of economic progress in the eastern zone, long a secret area so far as western eyes are concerned.

Four-Power Control

He appealed for restoration of the four-power Allied Control Council, on which each nation had a veto. This board collapsed because of the repeated exercise of the veto by the Russian representative.

Vishinsky did not use the word veto. He argued for "unanimous consent" as the only method by which equals could operate.

In turn, Robert Schuman for France, Dean Acheson for the United States and Ernest Bevin for Britain demanded that the conference get down to brass tacks on things which might be vetoed before it began talking in restoration of any control where one power could exercise such a veto.

The western ministers made it clear they did not basically oppose restoration of four-power control. In fact, they said, they favored it, but they would not accept the type of control they found under the old Allied Control Council.

Rutledge Defense Hits Methods Used By Prosecutor

Cedar Rapids, Ia., May 26—(AP)—The defense late today challenged the state's request that the jury find Dr. Robert C. Rutledge, Jr., guilty of "the deliberate murder of Byron C. Hattman."

Replying to Assistant Prosecutor David Elderkin's admonition to the jurors that if they do not convict the 28-year-old St. Louis doctor then "all reason has fled," Defense Attorney R. S. Milner said in his formal plea:

"It is completely impossible if you follow the evidence to return a verdict of first or second degree murder or of assault with intent to commit murder."

And after Elderkin had asserted he doubts the story of the doctor's wife that she was "forcibly seduced" by Hattman, Milner declared:

"In 35 years of legal practice I have never seen a more vicious, cruel and unethical attack on a witness than (the state) perpetrated on Sydney Rutledge when the prosecutor asked her, with a sneer in his voice, if she didn't go into her bedroom, remove her clothes, and then invite Mr. Hattman in."

House Votes To Up Drivers License Fee To A Dollar

Springfield, Ill., May 26—(AP)—The House today voted to raise Illinois automobile driver license fees from 50 cents to \$1.

Sponsors of the bill said its aim is to put the job of issuing permits and keeping track of them on a paying basis. The bill, which went to the Senate, received 80 affirmative votes, with 77 required for passage. There were four no votes.

Four other minor bills in the program of a 1947 legislative commission which studied roads were approved and referred to the Senate. They would:

Allow cities to use 25 instead of the present 15 per cent of their share in state motor fuel tax funds on non-arterial streets.

Authorize the state highway division to draft a code to obtain uniformity in traffic signals.

Declare legislative policy hereafter that present legal limitations on the size and weight should not be relaxed.

Bill To Weaken Dram Shop Law Fails In House

Springfield, Ill., May 26—(AP)—Sponsors of a bill to weaken the Illinois dram shop law failed today to advance it in the House.

They retreated quickly when foes, backed by temperance groups, tried to kill their measure outright. Action was postponed temporarily.

About 1,000 members of the associated retail liquor dealers of Illinois and 21 house members are behind the bill. It is one of three bills pending in the legislature to modify the 1934 law which permits damage suits against tavern owners and landlords for injuries caused by persons who got drunk in their taverns.

When sponsors, led by Rep. Anthony C. Prusinski (D-Chicago), tried to move it up for possible passage next week, Reps. William Horeley (R-Springfield) and John Lewis (R-Marshall) called on the House to kill it by striking its enacting clause. They claimed the bill "goes too far."

12 Persons Hurt In Pile-Up Of 3 Autos And Truck

Mt. Vernon, Ill., May 26—(AP)—Twelve persons were injured, none critically, in a pile-up of three automobiles and a truck near here today. Vehicles from four states were involved in the accident: on state highway 37, five miles south of Mt. Vernon.

Two persons hospitalized are Mrs. P. E. Davis of Paducah, Ky., and Mrs. Lida Wingate of Carbondale, Mo. They were en route to Mt. Vernon to attend the funeral of Frank G. Thompson, former director of the state registration and education department.

Treated at a hospital here were Clarence Jarrett, 50, and Laura B. Jarrett, 46, both of Paducah, Mo.; Isabel Maxwell Cook, 35, Boyle Maxwell, 26, Edwin Maxwell, 20, Sandra Cook, 6, and Judy Cook, 3, all of Rockford, Mich.; Harold S. Hightower, 23, and Cleolla Boyland and Rosemary Taylor, all of Gary, Ind.

Details of what caused the pile-up were unavailable.

DO YOU WANT TO CROSS THE BRIDGE?

Do the people of Jacksonville want to have the bridge over Morgan lake in Nichols Park rebuilt so that they can once more fully enjoy the south half of that beautiful recreational area?

The answer will be given by the voters this coming Saturday in a special election to determine whether bonds should be issued to finance the cost of rebuilding this bridge and for other park improvements.

The Jacksonville Park Board which for several years has been the target of unwarranted criticism regarding the dilapidated condition of the present bridge, acted wisely in requesting the city council to put the problem squarely before the voters for their decision. If the people of Jacksonville really value the park which Samuel W. Nichols so generously made available to them, they will without hesitancy vote to underwrite the \$27,000 cost which is necessary to restore the bridge and to re-establish the park as a recreational center in which all can take pride.

The financing of this improvement has been so planned that the entire bonded debt will be retired within five years and yet in no one year will there be much of a burden on the taxpayers. The maximum tax rate which the proposed bonds involve in any one year is about 2 1/2 cents on a valuation of \$100, or 25 cents per \$1,000 valuation. In all but one of the five years in which this tax must be paid, the rate will be even less than that.

To put the matter perhaps more illustratively, the most which a taxpayer owning property assessed at \$10,000 would have to pay in any one year if these bonds are approved would be \$2.50. In the four other years the amount would be less.

We believe that there are few citizens of this community who do not get at least \$2.50 worth of enjoyment and satisfaction out of Nichols Park each year. We accordingly believe that the city's voters will go to the polls Saturday and register themselves emphatically as favoring the much needed park improvements.

RECEIVE SENIOR HONORS

Well known in Jacksonville are two MacMurray seniors who appear both happy and sad as graduation approaches. Frances Lane (right) who received the Hay prize in music, reminisces with Carolyn Kirkwood, formerly of Jacksonville but now of Pontiac, Ill., who was awarded the speech and drama prize for highest 4-year scholastic record of any major in that department. Miss Kirkwood is also president of Belles Lettres.

Miss Dorothy Edwards Weds Scott McDonald

Couple Exchange Vows In Pretty Church Ceremony

Central Christian church was the scene of a lovely wedding Sunday afternoon at 3 o'clock, uniting in marriage Miss Dorothy Jean Edwards and Scott Fohl McDonald.

The bride is the daughter of Mrs. Mildred Edwards of Springfield, formerly of this city, and the late L. D. (Jim) Edwards. Mr. and Mrs. Homer McDonald of this city are the bridegroom's parents.

The couple pledged their vows in a double ring ceremony performed by the Rev. Clair E. Malcolmson before a large gathering of friends and relatives.

Traditional Marches Played
The traditional wedding marches were played by Mrs. Charles Giesler who also presented a 15-minute organ prelude, "I Love Thee" and "Because" were sung by Mrs. Julian Chaudier.

Robert Guest of Belleville, cousin of the bridegroom, and Robert Bote, the bride's cousin, lighted the tapers in the candelabra placed at the altar, which was banked with white gladioli, snapdragon and ferns.

Escorting the bride to the altar was Kenneth Edwards of Hillsboro, an uncle. The maid of honor was Miss Donna Knox. Donald Shook of Battle Creek, Mich., a cousin of the bridegroom, acted as best man. Ushers were Robert Guest, Robert Bote and Robert and Donald Brohan.

Bride Wears White
Styled of nylon marquisette, the gown worn by the bride featured a shirred Bertha neckline, long pointed sleeves and a flowing skirt accented with shirring at the hipline. The fingertip veil of illusion was attached to a halo of pearlized orange blossoms. Her bouquet was of feathered carnations and shower gardenias. A single strand of pearls, a gift of the bridegroom, was her only jewelry.

The maid of honor was attired in a pale blue gown of nylon marquisette, fashioned after the bride's gown. The full, deeply flounced skirt ended with smaller ruffles, forming a bustle back. Her bouquet was of peach gladioli. She wore a headpiece of matching flowers.

Reception at Hotel
A reception was held at the Dunlap hotel following the ceremony. Piano and vocal numbers were rendered by Mrs. Chaudier, Robert and Donald Brohan also presented vocal selections.

Assisting with the serving were Mrs. Guy Symmonds, Mrs. Esta Crabbe, Mrs. Floyd Pate, Mrs. Paul Knox and Mrs. Guest. The guests

were registered by Miss Betty Streeter.

The couple then left on a wedding trip, after which they will be at home at 1119 South Seventh street, Springfield.

The bride is a graduate of Jacksonville High school and Hardin Brown Business college. She is employed at the Kenneth Lee Insurance agency in Springfield.

Her husband, also a graduate of Jacksonville High school, attended Illinois College and Chicago Technical college. He is now a draftsman for Barker, Goldman, Lubin Lumber Co. in Springfield.

St. Louis Men In Auto Wreck Near Jerseyville

Jerseyville, Ill., May 26.—Two residents of St. Louis, suffered injuries about 6:30 o'clock Tuesday evening when their car overturned on Highway 67 as the driver swerved to miss a collision with another car which was entering the highway.

Wilson Raider, president of the Industrial Finance Company of St. Louis, was at the wheel of the St. Louis car and he was accompanied by John Gruendler of 4938 A Penrose, St. Louis.

Raider suffered injuries to a shoulder and Gruendler suffered major lacerations. Jacoby Brothers ambulance was called to the scene of the accident and brought the injured men to the offices of a Jerseyville physician where they were treated for their injuries.

The two were later removed to their home in St. Louis when relatives arrived here. Damage to the 1949 Ford which they were driving was extensive. The vehicle was towed in to the repair shop of the Jerseyville Motor Company.

Carrollton Girl Becomes Bride Of Jerseyville Man

Jerseyville — An attractive May wedding was solemnized at St. Francis Xavier's church in this city Saturday when Miss Wanda Lou Wilson, daughter of Mrs. Mabel E. Wilson of Carrollton, became the bride of Louis Vaughn, son of Mr. and Mrs. Frank Vaughn of Jerseyville. The Rev. Father Eugene Griffin performed the single-ring ceremony at nine o'clock that morning and was celebrant of the nuptial mass which followed.

Miss Margaret Ann Dolan of Springfield was maid of honor. James Bell of Jerseyville was best man. Ushers were Fred Vaughn and Lawrence Vaughn, brothers of the bridegroom.

The bride was escorted to the altar by her uncle, Charles Smith of Eldred. She wore a summer suit of white gabardine with green accessories and a corsage of white gardenias. For jewelry she wore a double strand of pearls and carried a white rosary.

Miss Dolan was attired in a summer suit of navy gabardine with matching accessories accented with

a sheer white blouse. Her corsage was composed of pink rosebuds. Members of the bridal party were served a wedding breakfast at the P. & L. Drive Inn and a reception for additional relatives was held at the new home of the couple in Jerseyville.

Russian Cars Have New Variety

Moscow—(P)—There are now being produced various styles of the existing lower priced Soviet cars, the Pobeda and the Moskvitch.

The Moskvitch, a very small family car, comes out in sedan, convertible, pickup, and station wagon versions. The Pobeda is now being produced in convertible and sedan versions.

Furthermore, special Zis limousines ambulances have been produced as well as special versions of the Moskvitch for doctors making home calls or emergency calls. The Zis limousine has been put out in special colors for use as a Taxi, as has the Pobeda, more commonly used for this purpose. Both the Pobeda and the Moskvitch are on retail sale.

WRONG NUMBER? TALK TO THE MANAGER!

Lakeland, Fla.—(P)—People trying to reach the telephone of Mrs. T. S. Trantham of Lake Gibson by the number given in the phone book have been getting the wrong number.

The number rings elsewhere—specifically in the home of W. F. Cooke, Lakeland manager of the Peninsular Telephone Company.

Cooke explained that phone books are proof-read three times to insure against errors but sometimes a mistake does creep in.

WIFE SHOWS BANDAGES—ASKS DIVORCE

Cologne, Germany—(P)—A young German wife here is seeking a divorce because her jealous husband forced her to cover her pretty legs with bandages.

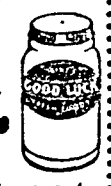

According to the "Neue Illustrirte" she said she had worn the bandages for years—ever since she won a prize in a seaside resort beauty contest.

HIGHER ANTI-KNOCK

THE New D-X Lubricating MOTOR FUEL

Get the "EXTRA" of EXTRINOL in D-X Motor Oil

Extrinol is the "extra" in D-X Motor Oil that helps clean your motor... protects your bearings and fights sludge. It makes D-X Motor Oil stand up longer and lubricate better. Change to D-X with Extrinol now for complete lubrication protection.

Tackle the toughest hills. Try them at low speeds. The New D-X won't knock. Because it is produced by the catalytic cracking process—a miraculous advance in modern gasoline chemistry that produces gasoline with amazingly high anti-knock properties.

U. C. L. For Extra Protection

Upper-Cylinder Lubrication is still a feature of the New D-X Lubricating Motor Fuel. But now the top quality upper-cylinder lubricant is scientifically blended with the higher anti-knock gasoline produced by the catalytic cracking process to combine performance with protection.

Try a tankful of the New D-X or D-X Ethyl now. Feel the difference in your own car!

Old Town Pump Still Is Water Supply

McIntire, Ia.—(P)—Smack dab in the middle of Main Street in this northern Iowa town of about 300 persons is perhaps the only town pump in the Middle West which is used extensively.

It is the water supply for practically every home in town. It is situated in the middle of highway 312, which continues one block beyond the pump to the end of Main Street.

Mrs. Chris Merrick, who has to walk a block to the well, says she'd hate to count the number of trips she's made to the pump. But she admits her husband does most of the fetching. According to Mrs. Anna Smith, the townspeople have been using the well for 35 years as their main source of water.

"There was a pump by a boulding but a man that owned the property didn't want everyone tramping over it so the town dug a well in the middle of the street," she says. "That was 35 years ago. They had a band at the time so they put a band stand over it."

Mrs. Smith has a well in her yard, but she says she uses the town pump for drinking and cooking water because her own well is unsafe. However, the well is not the end of a bucket brigade in case of fire. The town's two fire trucks draw their water from the Wapsipicon river nearby.

Use fresh snap beans for a delicious and nutritive luncheon dish for school days; just serve them in a cream or cheese sauce with slices of hard-cooked egg as a garnish. Buttered carrots are good with this dish. Dessert might be raisin-oatmeal cookies and milk.

ISLAND OF ESCAPE

COPYRIGHT BY HUGH LAWRENCE NELSON

By Hugh Lawrence Nelson

THE STORY: Bea Cosgrove is not satisfied that the death of Lilly Warren on Spire Island is suicide. There are nine people on the island who might have done it, including Bea whose pistol was found beside the body. One of the nine is Miguel Oak, a fishing boat captain, whose presence is unknown to all but Bea. George Hanson comes to tell Bea that Fred Sillwell, his boss, whose yacht was wrecked offshore, wants to talk to her. In his conversation George reveals there is blood in a cave where he has hidden a supply of whiskey. He thinks one of Hanson's sheep was killed there. Bea also learns that Lilly knew a rumor that there was hidden gold in the cave. Bea takes leave of George and goes to talk to Sillwell.

XXII

FRED nodded approval. "I thought you were smart."

"Now it's my brains he admires," she said.

Fred's eyes narrowed. "I pay my way as I go, but you can't hold me up."

"We'd get somewhere quicker if you told me what it is you want."

"Information."

Bea showed surprise. "About more whiskey?"

"No. But thanks for the reminder. He drank and hid the bottle again. I want to know what goes on here. I don't know for sure whether the radio's broken or not. Does Harding want to keep us here? And if so why?"

"Mollie," Bea suggested.

"Maybe. And if that's all, it's one thing. If it's something else, I want to know. As I told you, I'll pay well for information."

"You knew Lilly Warren before didn't you?"

Fred sighed. "I suppose she told you. But it isn't any secret as far as I'm concerned. I used to see her around. She was a party girl, and getting too old for it. Maybe she thought this was her last good chance to get set."

"You think that's why she killed herself?"

"How should I know? Could be. And everyone's got a nice alibi."

bad luck to it for all time. Today the chief tenants (sub-letters) of the crowded wooden buildings that hundreds of thousands call homes drive out all who seem at death's door.

There is nothing to stop them from going to a government hospital to die, but the Chinese inherently distrust western institutions with their rules and regulations. There is always Sago Lane, a half dozen or so houses whose doors are never open and whose rules are very few.

And when a man dies, the same stocky fellow who sat so stolidly at the open door waiting to help the ailing one up the ugly steps will appear at his side. Then, this silent fellow will lift the body over his shoulders and carry it downstairs to the waiting morgue. He has done the same for years.

Almost a half century ago, the first dying house was started as the result of lack of decent housing. In 1949, they are even more a tragic necessity. The housing shortage has become more acute.

The British government of this crown colony has sought somehow to lessen the horror of these houses. It has set up a licensing system, ordering daily visits by physicians,

a nurse for every four inmates, cleaner premises and the name of "Sick Receiving Houses."

The dying pay \$4.75 for a moment or a month stay. There isn't much profit from the sick room. However, the operator sells the coffins, the wreaths, the flowers, joss sticks and paper, the candles and the hundreds of other things required for a Chinese funeral. He gets his share of the pay to the corpse-dressers, brass bands, gong and cymbal orchestras, as well as the devil-dispelling lion dances.

THACKERY LETTERS TO BE SOLD

London.—(P)—Letters from William Makepeace Thackeray will be sold in London by descendants of one of the novelist's intimate friends.

One of them, an invitation to dinner, bears a note scribbled in the handwriting of the "Vanity Fair" author: "I have two bottles of wine and credit at the butcher."

The letters are in an album prepared by Mrs. Kemble Gatin, whose ancestors were John Kemble and William Donne, intimate friends of the author.

She jumped at the tiny whisper. made out the figure of George Bascombe peering around the corner of the hut. She walked toward him, saw the finger on his lips as he asked for silence.

"If you want to eavesdrop," he whispered, "go around back."

There's a good place there. He did not wait to see if his suggestion was carried out, but strode up toward the main house.

MISS COSGROVE dismissed the reason for the information, put it to use. She skirted the sides of the cabin, saw a chink of light coming through a misshapen small hole where a knot had fallen from the unseasoned timber. George had been accurate. She could hear very well.

"Ideas? Mollie doesn't think he could get an idea. But I'll be good. I know you can't do without me."

There's a good place there. He did not wait to see if his suggestion was carried out, but strode up toward the main house.

MISS COSGROVE dismissed the reason for the information, put it to use. She skirted the sides of the cabin, saw a chink of light coming through a misshapen small hole where a knot had fallen from the unseasoned timber. George had been accurate. She could hear very well.

"I told you not to come here again," Sillwell said.

"I don't care. Mollie's tired looking at old drizzlepuss. It's no fun. He doesn't do anything. Just talk. Mollie wants to have fun like she used to."

"You'll do as I say. It won't be much longer."

"Too long already," Mollie said and Bea could visualize the pout.

"Much too long. This is a nasty old island. And he's a nasty old man."

"You didn't think so. He's rich."

"But he doesn't do anything," Mollie repeated.

"It won't be long before you'll be back in L.A. with all the money you want. Think of the fun you'll have then." Sillwell was patient, but Bea could sense a strain.

"That'll be fun," Mollie said. "But it better not be too long."

"I told you it wouldn't be. Give me a couple of days. And stop coming down here. He might see you and get ideas."

"Ideas? Mollie doesn't think he could get an idea. But I'll be good. I know you can't do without me."

Bea heard the door close. Fred Sillwell swore softly, viciously. There was the sound of a cork being drawn. He laughed then, a low, wet sound without humor. "Don't be too sure, Mollie. Don't be too sure."

German Theaters Have Tough Time

Frankfurt, Germany.—(P)—An estimated 50 per cent of western Germany's private theaters closed after last year's currency reform. There are even some state-subsidized houses which fear their curtains will never rise again.

Some people feel that the Germans have lost their interest in cultural things. Balding, bespectacled Erich Otto, president of western Germany's Players' association says no.

"Germans are as hungry for stage plays as they were fifty years ago," he added, "but they don't want to be disillusioned." Eighty per cent of Germany's playhouses were either destroyed or badly damaged when the war ended. New theaters were soon started in barns, cinemas and private houses.

"But you can't perform an opera of Verdi or a French comedy in a former gymnasium. It's too disillusioning. This especially is meant for those depressing ultra-modern plays. If they see a play like this performed on a pastry board, people become bored."

He says Carl Zuckmayer, German-born American playwright and author, keeps open German theaters with his "The Devil's General." This play features the end of German Luftwaffe Gen. Ernst Udet, whose conscience conflicted with his sense of military obedience to the Nazis. He ended his struggle by taking his own life. The play had all-time high attendance throughout western Germany.

"If there were no Zuckmayer," Otto said, "we would have been in desperate straits."

32 Women Make Tulip Time Trip To Holland, Mich.

The "Tulip Time" tour to Holland, Mich., was made by 32 women under the sponsorship of the Morgan-Scott Home Bureau.

Among the sights of interest viewed by the group were the four multi-colored tulip fields and the large wind mill; the shoe factory where wooden shoes are made by hand; the hour and fifty minute parade of native costumes; the Klompen Dancers, a group of approximately 200 high school girls, who performed

in native attire and wooden shoes; "Dutch Treat" given by three natives of Holland, who came to America in 1947; the Dutch markets, where Dutch food, costumes and novelties are sold; the flower show, sponsored by the Holland, Mich. Garden club; and the museum, where numerous articles from Holland are displayed.

Those making the tour included Mrs. Arthur Seaman, Mrs. Lloyd Magill, Mrs. Estelle Maurer, Mrs. Eugene Dodsworth, Misses Ethel and Mary Louise Ward, Mrs. Russell Hymes, Mrs. Merrill Masten, Mrs. George Robinson, Mrs. Ed Joy, Mrs. Robert Hembrough, Miss Frances Robinson, Mrs. R. You Can't Tell A Woman—Much

By Hal Boyle

New York, May 26—P.—The sweet young thing had a stormy look in her eyes as she marched up to my desk.

"May I be of any assistance to you, ma'am?" I inquired cautiously. You have to be cautious these days when pretty girls come up to you. They might want you to be the last man in their pyramid club.

"Yes, you can help me," she said. "You wrote a piece telling college men graduates how to get ahead in life. But how about the girl graduates? Haven't you anything to tell me?"

"Have I," I asked, looking to see which ear she wanted filled first. "Sit down, my dear."

The only seat I have for callers is an iron-rimmed wastebasket. She stood and stared at it in careful helplessness. I sat and stared at it, too. Then I got up and sat on the wastebasket, and she sat in my chair. "I don't think there is anything I can tell you," I said.

"Why?"

"Because you just showed you have already learned woman's most important art—how to get men to do what you want."

Men Take Up Too Much Space
"Oh, men!" she said. "I sometimes wish all the men in the world were dead—not that they probably aren't."

"Why are you mad at men?"

"Because they take up so much space. What chance has a woman who wants a career? Men hold the big jobs. If there's a soft touch in life, it's theirs."

She said this—and me sitting there cramped on an iron wastebasket.

"Look," I said. "You've got life backwards. Men lost out in the struggle to rule the world long ago. The prime aim left to men now is to make women happy. Men work, women spend. This isn't just a feminine age we're living in—it's a feminine rampage."

"Well," she said. "I can see why they call you the poor man's philosopher. You certainly aren't the poor woman's socrates—or Gable either, for that matter. What about equal rights?"

"What about equal wrongs—do

you want those too?" I asked. "Einstien couldn't figure a formula to give women equal rights. And it wouldn't be fair to them if he did."

How To Have Successful Career
"How can I have a successful career?"

"Work hard, use your brains, be friendly—just like I told the college boys. And don't try to capitalize on sex in business."

"Is there any way I can avoid it?" she dimpled.

"No, I guess not," I sighed. "Not for another 30 years. Then it won't make any difference. What's your name anyway?"

"Just call me Jane College, she said. 'I came to see you on a dare.'"

As she turned to leave, I said:

"Can I give you just one more piece of advice? Few women—or few men either—ever found complete happiness in a career alone. It's better to be queen in a kitchenette than a sub-princess in a 20-room office. Find a nice healthy man and marry him."

"Who'd you have in mind?" said the sweet young thing.

I went back to my chair, still feeling like I was sitting in the wastebasket. I suppose this is the way any man feels who ever tries to tell any woman anything.

Amvets To March In Memorial Day Parade Monday

At the regular meeting of Amvet post 100, held Tuesday night, with Commander L. S. Ruby presiding, W. W. Schumacher was admitted to membership and William Patterson was accepted as a renewer. A new shuffleboard has been installed for entertainment of the members.

It was announced that the post would march in the Memorial day parade and that following the parade open house would be held for members and their families and that free refreshments would be served. All Amvets are urged to participate in the parade and are asked to meet at the Amvet hall at 10:15 a. m. Monday, May 30.

The executive committee by authorization of the post approved the purchase of uniforms for the Amvet Junior softball team.

Dr. K. E. Folmer gave a report of the educational committee. Department of Illinois Amvets meeting held in Springfield on May 22, which was attended by himself and Russell Armstrong of this city.

C. P. Siegfried, chairman of the sick committee, reported that Amvet Earl Floreth was confined to Passavant hospital and Amvet Curtis Gerner was confined to the V.A. hospital in Kansas.

It was also announced that the last fish fry of the season would be held at the Amvet club on Friday, June 3, and that serving will begin at 6:30 p. m.

A letter of appreciation from George Vasconcellos, service officer of the veterans unit of Jacksonville State hospital, was read thanking the post for a number of magazine subscriptions given by the Amvets to the veterans at the hospital.

Letters of appreciation from the managing officers of the Jacksonville State hospital, School for the Blind, School for the Deaf, and from numerous teachers and students at the School for the Deaf were read, thanking the post for being their host at a free showing of the Great Sutton Shows the week of May 9.

A joint social hour with the ladies' auxiliary was spent in playing shuffleboard and table tennis, during which time refreshments were served.

Plea For United Nations Made In Optimist Address

A plea for support of the United Nations as a means of promoting and perpetuating world peace was made before the Optimist club Wednesday by Mrs. Lawrence Paset of this city. Mrs. Paset asserted that the peoples of the 59 nations in the organization are basically the same as Spencer's street foreman, Love, at heart, although their cultures differ greatly, and the future of civilization depends on whether citizens of the many nations can learn to work together.

She said she knows of no war in history that has settled a problem for any length of time. The United Nations, she pointed out, is the only world-wide organization of handling world problems. Mrs. Paset said the cost of the United Nations to this country is only seven cents per person per year, while 76 cents of each U. S. tax dollar goes to pay the cost of war. The speaker distributed pamphlets prepared by the League of Women Voters stating that "what U. S. does depends on you and me. We must know what the U. N. is doing. We must tell our President and Congress what we want our government to do in the U. N. We must keep talking about the United Nations. We must interest other people."

Mrs. Paset was introduced by Rev. C. Frank Janssen, program chairman. President M. Brooks Byus presided at the meeting.

The Optimists will go on summer

schedule for the next three months. The next meeting will be held Wednesday, June 8, at the Dunlap hotel.

His Broom Active After 147 Years

Spencer, W. Va. (AP)—Americans lay proud claim to being the earth's most mechanically-minded people, but 76-year-old Lon Love says you can't prove that fact by him. Just rehired for the 47th straight year as Spencer's street foreman, Love insists he'll continue to clean the city thoroughfares with a broom, just as he always has done.

Love is non-committal about reports of recent weeks that council now has definite plans to provide him with some such mechanical device. The members of the city government body have volunteered to donate their annual salary of \$80 each toward buying street cleaning equipment. Mayor Eddie Farmer says he will match the sum contributed by council.

Meanwhile, Love continues to report for work each morning at 3 o'clock and stay on the job until around daylight. Police Chief Ernest Barnes, who formerly worked the night shift, says he could set his watch by the veteran city employee's appearance.

Love is considered the only living person to know the complete Spencer sewage system from memory. Many of the lines were installed years ago, and no blueprints were made of their routes.

HOME TOWN HONORS LEADER

Union City, Okla. (AP)—This farm community in central Oklahoma owes a lot to one man—and it doesn't forget. The man is Dr. D. P. Richardson, who was surprised by 500 persons who joined in celebrating his 80th birthday with a basket dinner and program. Dr. Richardson has been practicing 55 years here and has been the only physician since the turn of the century.

Besides his profession, the doctor is also president of the town's only bank, the only drugist, and its former postmaster—an office now held by his wife.

Dr. Richardson also has been mayor more times than he can remember and has served as president of the Oklahoma State medical society and as a member of the Oklahoma banking commission.

Don Shewmaker Elected Head Of White Hall PTA

White Hall—The P.T.A. met Monday night at the High School with a splendid crowd in attendance, this being the last meeting of the year. A program by the first and second grades was given consisting of songs and a doll parade. Mr. Hite led the grade school junior band in a number of selections.

Officers elected to serve the ensuing year are Don Shewmaker,

president, Mrs. Jack Harp, vice president, Mrs. Floyd Collins, secretary and William Schroeder, treasurer. Mrs. Frank McCollister gave a financial report showing a good sum deposited in the treasury of the association from a bake sale, and two PTA round up dances. Refreshments were served at the close of the meeting.

The Hillview Alumni association held its annual meeting at the high school Saturday night. A banquet was served by the Royal Neighbors Lodge of that town.

Guy Runyon presented the class of 1949 and Gilbert Ford gave the response.

Lee Woolridge of Jacksonville, a former teacher, acted as toastmaster

and a business meeting followed at which time the following officers were elected: President, Lois Jane McCaherty, vice president, Georgia Berg, secretary-treasurer, Mrs. Ernest Nell.

Dancing followed with music by the Virgil Bowen orchestra of White Hall.

Margaret Lemon, Lifelong Morgan Resident, Dies

Miss Margaret Lemon, a lifelong resident of Murrayville, died Thursday at 3 a. m. at Our Saviour's hospital, following a brief illness.

Miss Lemon was the daughter of William and Julia Ketner Lemon and was born on a farm near Manchester, Mo., Nov. 6, 1866.

She is survived by four sisters, Mrs. Evaline Rimbey of Walla Walla, Wash., Mrs. Jessie Werkheiser of Nazareth, Pa., Mrs. Gertrude Sauzier of East Saint Louis and Mrs. Julia Shibe of Marshalltown, Ia., one brother, H. J. Lemon of British Columbia, Canada, and a number of nieces and nephews. Five sisters, Mrs. Ada Sorrells, Mrs. Hattie Brubaker, Mrs. Fannie Cowherd, Mrs. Nellie Parker and Mrs. Eliza Langford, preceded her in death.

The decedent was a member of the Murrayville Methodist church. The body is at the Thompson Funeral Home in Murrayville, where the family will receive friends this evening from 7 to 9 o'clock.

Funeral services will be held Friday at 2 p. m. at the Murrayville Methodist church. Interment will be in the Murrayville cemetery.

VFW Auxiliary To Assist Post In Poppy Sale

The regular meeting of the Ladies' Auxiliary to the Veterans of Foreign Wars was held at the home Wednesday, May 25th.

The poppy chairman, Marie Hart, reported that the annual poppy sale will be held Saturday, May 28.

Commander Jordan requested that the Auxiliary help the Post with Poppy Day, and after marching in the parade to participate in dedication of flag poles at the cemeteries.

Agnes McDevitt, activities chairman, reported that a rummage sale is to be held soon.

The hospital chairman, Mildred Smith, reported that a party was given Wednesday, May 25, for the girls at the Norbury Sanatorium.

A report on the last county council meeting was given by Nellie Liming.

The attendance prize was won by Ivadell Smith.

HEINL'S GREENHOUSE

TO HIM THAT HATH SHALL BE GIVEN

Claims Hitch-Hiker Pistol-Whipped Him; Youth Held In Jail

Carrollton, Ill.—An 18 year old youth, giving his name as Donald Deane Berry, is held in the Greene county jail here in connection with the alleged slugging and robbing of Floyd Huey of Chillicothe, Mo., who picked him up at Alton early Sunday evening. Huey told officers that he was robbed of \$75 in cash and a wrist watch.

According to the Sheriff, Huey stated that he picked up Berry at Alton about 7:30 o'clock Sunday night while driving toward Carrollton. Huey said that at some point near Carrollton, Berry slugged him over the head with a pistol, knocking him unconscious. Huey said that he did not know the exact time of the slugging.

Unconscious Several Hours
The Chillicothe man told the sheriff that he regained consciousness about daybreak Monday morning about three and one half miles southeast of Roodhouse near the home of Roy Strowmatt. Huey went to the Strowmatt home and had Strowmatt call Sheriff Powell at Carrollton who immediately went to the scene. Powell took Huey to the office of Dr. N. J. Bucklin at Roodhouse for medical treatment. Huey told the sheriff that when he regained consciousness he found that his assailant had tied Huey's hands with a necktie.

The physician found that Huey had been struck on the head about four times.

Sheriff Powell immediately started a search for Huey's assailant and picked up clues that led him to suspect Berry.

Suspect Under Arrest
The Greene county sheriff called the sheriff of Madison county at Edwardsville to arrest Berry. Powell received word from the Madison county sheriff Wednesday night that

Berry had been taken into custody. Sheriff Powell immediately went to Edwardsville and returned Berry to Carrollton where he was placed in jail.

Powell then called Huey at Chillicothe to come to Carrollton to identify the suspect. Sheriff Powell said that Huey positively identified Berry in the Greene county jail at noon Thursday.

Sheriff Powell said that when Berry was arrested he had Huey's wrist watch in his possession.

Discharged From Army
Sheriff Powell said that Berry had received an "undesirable discharge" from the United States Army on May 3, this year.

It is said that Berry formerly resided at Carrollton but his present home is with his mother, Mrs. Ollie West at Bethalto, Ill.

The attack on Huey was just two days in advance of the sentencing of two youths to death for the slaying of an insurance salesman in a \$10 robbery.

Carson Seger, 19 of Alton and Curtis Chapman of White Hall, were given the death penalty by Judge Clem Smith in Greene county court on Wednesday. The two youths had pleaded guilty to the slaying of Howard Heininger of Jerseyville on April 21, this year.

The youths are now at the Menard penitentiary awaiting execution which is scheduled for September 23.

Roodhouse Man Pleads Guilty To Burglary

Springfield—Floyd Pollard, 23, of Roodhouse, pleaded guilty in Circuit Court Wednesday to a charge of burglary and larceny and his case was referred to a probation officer for study. His case was scheduled for trial this week. He was committed to the county jail on failure to give bond.

Pollard, another man and two women were arrested March 6 and charged with burglary and larceny in connection with the theft of a safe and \$100 in cash from the Corner Market at 207 S. Fifteenth St., the night of March 3. The culprits arrested were Arthur D. Harrison, 24, of White Hall; Mrs. Wanda Wiloughby, 20, of Manchester, and Mrs. Fern Pollard, 19, of White Hall, a sister-in-law of Pollard.

Mrs. Pollard was granted three years probation Wednesday by Circuit Judge DeWitt S. Crow. She had pleaded guilty April 19.

ATTEND GRADUATION

Local Automobile Dealers Attend State Meeting

Hayden Walker and Frank Corington, local automobile dealers, returned Wednesday from Peoria where they attended the two-day Illinois Automobile Dealers convention. The dealers convened at Peoria's Pere Marquette hotel Monday.

Mr. Corington was elected to succeed Walker as district director. Mr. Walker had held the post for the past two years. Twenty-five district directors are chosen from the state.

About 300 dealers assembled for the Monday and Tuesday meetings. Highlight of the program came when George F. Ziesmer, president of the National Automobile Dealers association, spoke Tuesday evening.

Other topics discussed by the convention included labor relations, business insurance, income tax and personnel relations.

John DeBolt Of Carrollton Dies

Carrollton—John DeBolt, 80 years old, who for many years was employed in the Frank Williams drug store, died Thursday morning at 2 o'clock at Boyd Memorial hospital. He had been in failing health since 1940.

Mr. DeBolt was a son of Mr. and Mrs. George DeBolt, and was a lifetime resident of Carrollton.

He was united in marriage June 16, 1906, with Amanda Rathgeber, who survives, with several nephews. The remains are at the Mehl Funeral Home where services will be held Saturday at 2 p. m., with Rev. C. C. Benedict officiating. Burial will be made in the Carrollton city cemetery.

Proprietor Of Filling Station Dies Suddenly

Jerseyville—Virgil Edwin Garrison, proprietor of the Standard Oil service station on North State street, died at 6:35 a. m. Wednesday, May 25th, following a heart attack.

Garrison went to his station early Wednesday morning, but became ill of a pain in his chest following his arrival there. He returned home and asked his wife to call a physician. He succumbed shortly after the arrival of the doctor.

Garrison was born March 25th, 1899. He is survived by his widow; four sons, Edwin, Thomas Paul and Robert and one daughter Barbara.

Ann Garrison. He is also survived by two brothers, Ansell Garrison of Newark, Ohio, and Prentiss Garrison of Seattle, Washington, and one sister, Mrs. Bernice Clough of Pittsburgh, Pennsylvania.

Funeral arrangements were incomplete Wednesday evening pending receipt of word from relatives living at a distance.

WIFE CHARGES CRUELTY IN SUIT FOR DIVORCE
Kathryn Flynn has filed suit against William Flynn charging cruelty and asking a decree of divorce. They were married Dec. 20, 1925, and lived together until May 6, 1949. The plaintiff is represented by Russell J. Alvarez, attorney.

Membership Drive Begun By Greene Co. Home Bureau

Carrollton — Thirty-three Greene county Home Bureau, membership workers attended the kick-off meeting held Monday afternoon in the Farm Bureau hall, with Mrs. Mary Ligon of the state extension staff of the University of Illinois as the speaker.

This week is to be spent in doing intensive membership work in the county in an effort to contact every homemaker and interest her in the work of the Home Bureau. A definite goal of 400 members is desired and to meet this goal at least 79 new members must be signed.

The workers will report to the Home Bureau office here Saturday

concerning the new members received into the organization during the week. Plans were also discussed Monday afternoon for the possible forming of a second night unit in White Hall.

Ewell Gerges of Havana, district field man for the AAA, conducted a school of instruction for office girls and committee men of the AAA of six counties Tuesday in the Farm Bureau hall here. Counties represented were Greene, Jersey, Macoupin, Calhoun Pike and Scott.

Judge Clem Smith of this city delivered the commencement address to the graduates of the Kane high school Tuesday evening. Judge Smith is judge of the circuit court in this district.

Brazil or Brasil was the name of a legendary island in the Atlantic Ocean and historians believe its familiar existence as a geographical location led to that name for the South American country.

Beta Sigma Phi Installation Held

Installation of the new officers of Gamma and Xi Alpha Upsilon chapters, Beta Sigma Phi, was held Monday evening at the home of Mrs. Marian Chase Schaeffer.

Mrs. John May, junior past president, installed the following Gamma officers: Mrs. Ralph Withee, president; Mrs. Charles Vieira, vice president; Claire Weubbold, recording secretary; Mrs. Thomas Svob, corresponding secretary; and Naomi Wood, treasurer.

Officers for Xi Alpha Upsilon chapter include: Edith Ruyle, president; Mrs. Jack Frisch, vice president; Verna Butcher, secretary; and Naomi Wood, treasurer. The ceremony followed a potluck supper. Mrs. Schaeffer presented a group of readings.

Rice Diet Called Bad

Singapore — (P)—Arthur Eveleigh, adviser to the U. S. China Relief Mission, told the Singapore Rotary Club that malnutrition can be combatted by more nutritive rice and wheat.

He said the present "wasteful diet" of polished white rice must be changed to stop undernourishment and this must be done at once if the people of Asia are to survive.

The cure for tuberculosis, he continued, is not to be found in clinics but in nourishing the people. "People abroad will read about T.B. in the Colony and will be wondering how such deplorable conditions can possibly exist. They will not know

that it is entirely due to voluntary or self-inflicted malnutrition," he said.

A recent survey showed Singapore's tuberculosis rate the highest in the world.

PYTHON KILLED IN SINGAPORE

Singapore — (P)—Python killing has become a popular pastime in residential sections of Singapore. Police eliminated one that was eight feet long and the thickness of a man's arm as it rested after swallowing a hen not far from a physician's house.

An hour later, the same day, police killed an even larger one—10½ feet long and 15 inches thick, as it came across a highway from vegetation behind the Seven Day Adventist Church.

When you gotta stop —you wanta stop!

"It can stop on a dime," the salesman promised you, "—and leave nine cents change!"

And your Buick did — when it was new and brake linings unworn and everything factory-tight and fresh.

But brake linings wear — lights grow dim with time — tires can lose their bite and traction.

And with a whole summer's driving ahead, what better time than this to bring your Buick back to new-car peak in all those details that mean so much to safety?

Check your car — Check accidents!

Three great service and safety organizations across the country are alerting car-owners everywhere this month on safety-checking their cars.

They list ten vital question marks for you to think about — How are your Brakes? Lights? Tires? Steering? Wheel alignment? De-

fective glass? Rear-view mirror? Muffler? Windshield wipers? Horn?

Be sure your family rides in safety — ask your Buick service men to look over these check-points this month — and join the great drive for driving safety!

Our men, trained in Buick ways, will give you brakes that stop you as Buicks should, with new brake linings that are right in size and brake drums turned to perfect round.

They can replace sealed-beam headlights to give you new-bulb brilliance — and while they're at it, check battery, voltage, wiring and headlamp-aim to boot.

They'll check tires, switch them as needed, look into wheel alignment for easy steering.

In a word, they'll renew your Buick with the same care and interest they would lavish on their own — and do it at no greater cost than for just ordinary service.

So drop in. Get set for some summer fun that's up to lively Buick standard.

Buick care keeps Buicks best

Guests at the meeting were Mrs. Seeman, Mrs. Robert Joy and Steven and Sarah Ann Joy.

Vacation Bible School Will Be Opened June 6

"School is out—What shall I do?" is the question children and young people ask their parents. The First Baptist Church offers this year, as every year, a fascinating constructive program of Bible study, fellowship, and hand work for all interested. Mrs. Robert Hills, serving as Dean of the School, is training her corps of teachers and helpers, who already have the material and are making preparations. Class registration will be held Saturday, June 4, 2 to 4 p. m. at the church. All children from four years of age and up are invited to register. Those unable to register at this time may do so on June 5. The Vacation Bible School will last ten days. Classes will be held each week day morning from 9 to 11:30 for two successive weeks beginning June 6th. The final program, which will be presented to the public, will be held on Sunday evening, June 19. Any questions concerning the school may be directed to Mrs. Robert Hills, telephone 1464-2.

BYF Holds Last Meeting Of Year

The closing meeting of the September-May term of the Baptist Youth Fellowship of the First Baptist church was held Sunday evening, May 22, at the home of Dr. and Mrs. Perry A. Roberts, 142 Spaulding place, the advisors of the group. A picnic supper was served on the back lawn of the Roberts' home to the thirty members and guests present. Miss Marjorie Morrison, the president of the group, presided at the short business meeting. Miss Jane Morrison presented the topic for the evening in the absence of Edmund Verhees, topic leader. The group will start functioning again the early part of September. The members will be notified in advance of the first meeting by the secretary. Changes of address or summer addresses are to be given to the secretary.

Jury Finds For Defendant In Damage Suit

A verdict of "not guilty," finding for the defendant, was returned by a jury Wednesday afternoon in the suit of G. Leonard Hills, admn. of the estate of Clarissa Hills, against Charles Preston. The administrator had asked damages of \$15,000 in the death of Mrs. Hills, who was injured by an automobile on South Main street, resulting in her death. The plaintiff charged negligence in the operation of the car. The defense claimed the aged woman ran into the street against the car. The jury deliberated about two hours before rendering a verdict in circuit court.

Wrigley Backs Grimm After Inquiry Into Sorry Plight Of Cubs

Chicago, May 26.—(AP)—There will be no changes either in the field or office management of the Chicago Cubs, Owner P. K. Wrigley said today after a two hour meeting with five key officials of the club.

Wrigley chose to keep his top hands and to look elsewhere for answers to the question "what's wrong with the Cubs?"

The question, Wrigley found, has lost some of its urgency because the Cubs looked good in twice defeating the New York Giants after losing five straight.

Included in the group meeting with Wrigley were James T. Gallagher, general manager; Manager Charlie Grimm, Earl Nelson, treasurer, Arthur Meyerhoff, a director, and Richard "Red" Smith, a trading agent.

"I own 80 per cent of the stock in the Cubs," Wrigley said, "and I'm not sap enough to go along with anybody in the organization if I don't believe it is being operated efficiently."

Grimm is Doing Good Job
Wrigley said he was convinced Manager Grimm and Gallagher were doing an excellent job.

"Certainly there have been differences of opinion," he added, "but I believe that's a healthy situation. We have no 'yes' men around here. Everybody speaks his mind. I try to be the middle man keeping things on an even keel."

"There has been harping about 'divided authority' among the officials. There is divided authority. There is in every big business. One man can't handle the whole load himself. We have departments. Each man is in supreme authority in his department."

"Grimm is in complete charge of playing personnel. He calls the shots on all players and trades. He tells us what he wants and it is our job to bust a boiler getting it for him. Needs Starting Pitcher

"Today Grimm feels that his biggest need is another starting pitcher. I don't know where we'll get him, since everybody is looking for the same thing. But we'll try to deliver."

"As for one man in complete control, I presume the Cleveland Indians would be the best example. Bill Veeck certainly runs the show there. And look where the Indians are—they've lost 10 of their last 12 games."

Illini Grid Fans Have Three Weeks To Get '49 Tickets

Champaign, Ill., May 26.—(AP)—Illinois football fans have only three more weeks in which to place orders for season tickets to 1949, home games, George Legg, ticket manager of the Athletic association, reminded today.

Sale of the season books, which guarantee locations between the 20-yard lines and the same location for each home game, will close June 15.

Legg termed sales of season books to date "highly satisfactory" and reported that single-game orders are running nearly as high as in 1948 when record-breaking demand sold out the Illinois-Army game by June 15.

Thus far, the Illinois-Michigan tilt, Oct. 20, which has been designated "Bob Zupke Day" leads ticket sales with the Illinois-Northwestern Homecoming game Nov. 13 a close second.

Only mail orders are now being accepted, Legg said. Over-the-counter sale of tickets probably will not begin until late in August.

Ticket order forms are available at 103 Illinois Hall, Champaign and will be mailed on request.

Bosox Make Error Count; Defeat Brownies 7 To 5

Boston, May 26.—(AP)—Boston's Red Sox took full advantage of an error and a close play at second base by scoring four unearned runs in the eighth inning today for a 7-5 decision over the last place St. Louis Browns.

The victory gave the Sox a slighter grip on third place in the American League.

The Browns, on a rally sparked by former Red Soxers Ed Pallagrine and Stan Spence, had gone ahead 5-3 in their half of the eighth when they drove out Boston starting left hander Mel Parnell.

St. Louis starter Ned Garver seemed on his way to his third victory after disposing of the first two batters in the eighth.

But Al Zarilla, former Brownie, bounded a single into center field. Birdie Tebbetts followed with a line single into left, his fourth hit of the game.

Tom O'Brien, batting for reliever and winner Tex Hushon, walked. Dom DiMaggio then drilled the ball toward shortstop.

Zarilla raced home. Lou Stringer, running for Tebbetts, did everything but get hit by Dom's grounder and obscured Pelly's vision enough to make the St. Louis Shortstop bobble the ball. All hands were safe as the run scored on the error.

Johnny Pesky then banged one toward center field. Gerry Priddy made a great barehanded stop and flipped to Pellagrine at second. DiMaggio slid to the bag in a cloud of dust and was ruled safe as Stringer scored the tying run.

Both Pelly and Priddy charged umpire Joe Paparella to no avail.

Ted Williams then came through with a line single into right for the winning run.

Anti-Depression Program Drafted By Senate Demos

Washington, May 26.—(AP)—A vast anti-depression program reached the final drafting stage today following an official report that the nation's industrial output has fallen for five straight months.

Designed to provide advance safeguards against any sudden country-wide slump, this measure will be introduced shortly by a group of Senate Democrats.

Senator Murray (D-Mont) is chief sponsor of the bill.

Known as the "Employment Expansion Act of 1949," the proposed legislation calls for:

1. Creation of a national economic cooperation board composed of representatives of industry, labor and the government. It would work with President Truman's council of economic advisers to help evaluate business conditions and determine what steps were called for to keep the economy on a stable basis.

2. Authority for the government to take emergency steps to deal with "spotty" unemployment. The president would be empowered to channel federal grants to localities where new job opportunities are needed.

Also the government could advance loans to \$1,000 per family to move unemployed workers from a slum-bit area to places where more workers are required.

Turnover was at the rate of only 650,000 shares or so for the full session. This would compare with the year's low of 560,000 shares on February 21.

Corporate bonds moved narrowly.

Dispatches stating that good rains had been received in central West Saskatchewan, extending over the Alberta border, apparently caused part of the late selling in wheat. Moisture previously had been very light in this grain-growing region.

Hedging pressure again was a factor in corn, as it was yesterday, all off from the high rate of the past two days. They were still quite high, however, being reported at 92.000 bushels before the market closed.

Receipts were: wheat 153 cars, corn 107, oats 67, rye none, barley 28, soybeans 49.

Wheat closed 1-11 lower. July 1.952-1. corn was 1 to 1 cent lower. July 1.313, oats were 1 to 1 cent lower. July 59-1. rye was 11 lower. July 1.331, soybeans were 21-31 lower. July 52.21, and lard was 3 to 5 cents a hundred pounds lower, July 11.42.

Cardinals Explode For 7 Runs In First, Whip Pirates 13 To 6

St. Louis, May 26.—(AP)—The rejuvenated St. Louis Cardinals exploded for seven runs in the first inning and went on to defeat the stumbling Pirates from Pittsburgh tonight, 13 to 6. Ralph Kiner pounded out his tenth homer in the first inning with two men on base.

Kiner's blow helped the Pirates to a four-run lead and sent George Munger to the showers before he had retired a batter.

The Redbirds promptly stormed back with seven in their half.

It was the Cards' third win in a row and enabled them to tie the Philadelphia Phillies for fifth place.

Recreation Club Issues Call For Softball Team

After its regular bi-monthly meeting at the Hamilton Cafe last night, the Jacksonville Recreation Club reported that it will honor applications from any individual or business concern that would like to enter a team in the "B" league.

The American Legion club has apparently relinquished its spot in that league. They are scheduled to play at the southside park this evening.

Also during the business session the club voted to allow each player of the local teams that are playing during a "pay-night" to bring their wives or friends (one per player) through the gate free of charge. The person admitted must be accompanied by the player.

In concluding the business at hand, the group made tentative plans to call a "work-day" in an effort to effect better drainage at the softball park.

Winchester Hires Missouri Coach To Replace Lester

The Winchester high school board of education has announced the procurement of E. W. Posey of Chillicothe, Mo., for the position of head coach. Posey succeeds Howard Lester who has secured a position as athletic director at Carlinville high school.

The new Winchester mentor is a graduate of Culver-Stockett college, Centon, Mo. He captained the football and basketball teams while in college.

Posey has been head coach at Chillicothe high school for the past two years. He'll have about 18 combined lettermen in basketball and football awaiting him in Winchester. He is 39 years old, is married and has one son.

Dwight Eddleman Winner Of 1949 Scholarship Award

Champaign, Ill., May 26.—(AP)—Dike Eddleman, University of Illinois athletic ace, has added a scholarship awarded to his trophy case which already contains 11 varsity letters in track, football and basketball.

Eddleman won the 1949 Illinois conference honor medal for athletics and scholarship yesterday. During his four years at the university, Eddleman has maintained a "B" average in school work.

The former Centuria, Ill., high school star won 11 letters at the university to establish a new Illinois record.

He said yesterday he plans a future in professional sports, but has made no definite commitments. He said he is considering football offers from the Detroit Lions and the Chicago Hornets, and basketball bids from the Chicago Stags and the Tri-City Blackhawks.

Washington Beats Cleveland 5 To 4

Washington, May 26.—(AP)—Washington mauling Gene Bearden for five runs in the first three innings to defeat Cleveland 5-4 tonight; in a game called at the end of the first half of the eighth inning to allow both teams to catch trains.

The victory was Bearden's fourth of the season and the Senators' fifth in as many games with Cleveland.

Evans led the Senators' 10-hit attack with four singles for a perfect night.

Larry Doby homered for the Indians.

Picnics, Outings Held By Virginia Classes, Faculty

Virginia—A number of picnics and outings are being held during the final week of school in this community.

The first, second, third and fourth grade children had their picnic at the high school Wednesday.

The fifth, sixth, seventh, and eighth grade students held their picnics at New Salem State Park Wednesday. The freshmen and sophomores of the local high school took a trip to New Salem; the juniors went to Lake Springfield.

The senior class will travel to Chicago this weekend for their outing. They will be accompanied by Supt. J. Benjamin Walrich and the following faculty members: Miss Catherine Collins, Miss Ruth Gustafson and Bill Rosser.

Mr. and Mrs. Fred Shuwalter of Rock Island, Illinois were weekend visitors of Mr. and Mrs. Corban Thomas.

The following persons spent Sunday at Elmer Brannham's Cottage at Matanza Beach: Mr. and Mrs. Don Huff, Mr. and Mrs. Fred Shuwalter of Rock Island, Mr. and Mrs. Corban Thomas, Mr. and Mrs. Raymond Treadway and Mr. and Mrs. Elmer Brannham.

Miss Alice Suffern of Chicago is visiting Mr. and Mrs. Raymond Treadway.

Mr. and Mrs. John Treuter visited Pere Marquette state park Sunday.

Mr. and Mrs. Oscar have returned to their home in Virginia following a two weeks vacation through southern Illinois.

Police Report Not Much Progress On Reuther Shooting

Detroit, May 26.—(AP)—Police worked silently on a thin batch of clues today to the shooting of Victor Reuther.

While the state buzzed for action, detectives said there was little progress to report in their hunt for the would-be slayer of the scholarly little union official.

They summed up the investigation in two words: "Very quiet."

One man still was held for questioning. He was identified as Charles Barabash, 47, a striking Ford worker. Police said he was picked up because a barroom friend heard him ask about the Reuther shooting 14 hours before it happened.

But Chief of Detectives Jack Harvill admitted he had little hope of learning much from Barabash.

In a room at Henry Ford hospital the 37-year-old Reuther rested quietly. He underwent plastic surgery for three hours to repair that section of his face ripped by the assassin's shotgun blast late Thursday.

Funeral Services

Credit for early discovery of the escape goes to Mrs. Arthur M. Powell, wife of the Greene county sheriff, who was working in the kitchen. After seeing Morgan go around the corner of the building, she followed him for a short distance and notified the authorities. Several state police joined in the hunt.

This is Morgan's second jail break. He managed to escape the Carlinville jail during an earlier arrest.

Dutch Agriculture Leader A Visitor In Scott County

Winchester—Henry Louwes of the Netherlands, in company with Dr. L. J. Norton, professor of agricultural economics and chief of agricultural marketing, University of Illinois, and Dr. Elmer L. Sauer, project supervisor, Division of Economics Research, both of Champaign, were Winchester visitors Saturday and Sunday.

Mr. Louwes, who is president of the Agricultural organizations of Holland and vice president of the International Agricultural organization, was on his way to a meeting of the latter group at Montreal, Canada.

The Netherlands visitor is a member of the Holland Parliament. He is also a farmer and seed grower, having a 400 hectare (988 acres) farm bordering on the North Sea. Mr. Louwes was very much interested in comparing Scott county ditches and levees with those of his country and was taken on a tour of inspection in and around the Big Swan drainage district.

Canadian Traveler Enjoyed By Lions

John Linebaugh showed still pictures and movies of his fishing trip to the bushlands of Canada and Ontario at the Lions club dinner meeting Wednesday evening at the Dunlap hotel.

Mr. Linebaugh, who made the trip by car and airplane, reported that at one time, he and his friends caught 25 fish in 25 casts. Fishing was done at the lakes formed by the English river.

The speaker was introduced by Dr. M. A. Summers, program chairman.

The nominating committee, with Lion Larry Crawford as chairman, met briefly.

ARENZVILLE TO DEDICATE LEGION BUILDING MONDAY

Legionnaires and residents of the Arenzville community will join Monday in special services to dedicate the new Legion and Community Hall, which has been built in the past year through the combined efforts of the post and the enthusiastic support of the community.

Merle Schadd of Princeville, state senior vice commander of the Illinois department, will participate in the dedicatory service, which will begin at 2 p. m. Monday. Joe Peck, commander of the post, will be in charge of the program.

Col. Paul Armstrong of Springfield, director of the Illinois selective service, will be the principal speaker at the banquet to be served in the dining room at 7 p. m. Monday. The dinner will be by ticket only, at \$5 a plate, to reduce the \$6,500 mortgage now lodged against the building. Those desiring reservations may contact Bud Morrison, treasurer of the Arenzville post.

Carlinville Man Escapes Thursday From Greene Jail

Carlinville—Ernest Morgan, 23 of Carlinville, escaped from the Carlinville jail Thursday evening at about 6 o'clock.

Morgan, who has not been tried, is charged with burglary and larceny of a service station in Hillview and stealing a car owned by Kendall Seely, White Hall.

He picked the lock of his cell and walked out the jail door, which was open to pass the supper trays to the prisoners.

Credit for early discovery of the escape goes to Mrs. Arthur M. Powell, wife of the Greene county sheriff, who was working in the kitchen. After seeing Morgan go around the corner of the building, she followed him for a short distance and notified the authorities. Several state police joined in the hunt.

Public Library Notes

"Russell, you're not crippled, you're merely handicapped" were the words which finally gave Harold Russell the will to take the problem of building a new life with artificial substitutes for hands. His story is told in "Victory in My Hands," now available at the public library. All who saw him in the movie "Best Years of Our Lives" will be glad to read his courageous story.

Help for people with various difficulties is supplied by Marie Roy in her book, "How to Conquer Your Handicaps."

"Speech Handicapped School Children" by Wendell Johnson gives useful suggestions for both teachers and parents who have this problem to meet.

"Hearing and Deafness" is a guide for laymen edited by Hallowell Davis. It gives a scientific explanation of the physical difficulties in simple terms, discusses the possibilities of medical relief and offers advice on the selection of hearing aids.

Jefferson Faculty Fetes Mrs. Green, Retiring Teacher

Mrs. Isabelle M. Green, who is retiring after twenty-seven years of service in the Jacksonville public schools, was guest of honor Wednesday evening at a dinner given at Hamilton's Cafe by the Jefferson school faculty.

Places were set for fifteen at two long tables which were beautifully decorated with candles and garden flowers.

In acknowledgement of her consistent loyalty and friendship Mrs. Green was presented with a pin by her fellow teachers. She was also the recipient of a corsage given her by officers of the Jefferson school Parent-Teacher association.

C. A. Dawson & Co.

Local fire chief Charles Lonergan and his subordinates broke out the new LeFrance combination mechanical ladder-pumper truck and displayed its operating efficiency to a huge crowd as well as the firemen who are in town attending the two-day school, being held under the auspices of the local fire department.

The demonstration began at 5 p. m. and continued for about an hour. Running the electric motor-driven ladder—it measures 100 feet, and will reach to the top story of the Farmers' Bank building, the tallest in town—out to its full length, Jacksonville firemen R. A. Monro Hayes and Wiley Shawen shot tremendous streams of water over the trees in Central park.

Visiting Firemen See New Truck In Action

May Kentish and Earl Watson, LeFrance representatives out of the Chicago office, demonstrated the ability of the mechanical ladder to reach out-of-the-way spots, heretofore termed inaccessible when using the old style hook and ladder trucks. By chocking the wheels of the vehicle firmly to the pavement, the ladder can be shot straight off the back of the truck out to its full length—whereby it may someday pull a drenched potential drowning victim out of Lake Jacksonville.

Turning a complete circle and operating in an arc of 180-degrees, the ladder can pick a fire-fighter off a building and neatly deposit him on the opposite side of the street.

Firemen from towns in the surrounding areas were awed by the ladder's possibilities. They'll all be on hand for further demonstrations tomorrow, which will conclude the two-day schooling sessions.

A talk with Mayor Ernest Hoagland during the exhibition found him as excited as the rest of Jacksonville's citizenry who viewed the procedure. "The people can see what they're spending their money for now," said the Mayor as he watched a stream of water shooting over the tree-tops. "This truck is a complete fire department in itself and we expect it to more than repay the \$38,000 cost by the salvation of property and human lives."

NEW ZEALAND HERO WARNS AGAINST DRINK

Auckland, New Zealand.—(P)—Sir Bernard Freyberg, New Zealand war hero, has a word of advice for the young of the world: Don't drink spirits, and don't smoke too much. Sir Bernard, who won the Victoria Cross in World War I, is now New Zealand Governor General.

"I am disturbed when I see young people drinking spirits and chom-

ing," he said at a university graduation ceremony. "They are only storing up trouble for themselves."

CALCUTTA PORT BREAKS RECORD

Calcutta.—(P)—The Calcutta port has established a penultimate record in cargo handling.

Docks Manager K. Mitter reports that the port handled 718,000 tons in March, 1949, excluding petroleum landed in bulk. Such a high figure was previously achieved only during World War II, when Calcutta was a major port of supply for the Allies in the China-Burma-India theater.

Mitter adds that tonnage presently being handled in Calcutta is on a par with that of any major port in the world, and certainly more than any port east of Suez.

Migraine Usually Due To Overwork, Emotional Upset

By Edwin P. Jordan, M.D.
Written for NEA Service

One kind of particularly annoying headache is called migraine. It generally occurs at periodic intervals, is one-sided, and is often started by an emotional upset or overwork.

Queer sensations, abnormal hunger, mental depression or speech difficulties often precede an attack. Blurred vision and seeing "balls of light" are common.

The headache usually starts a short time after these premonitory warning signs. The headache tends to become worse as time goes on. It generally begins in one spot and may spread until it covers the entire side of the head. The face may become pale and there may even be a difference in color of the skin on the two sides.

Exactly what causes migraine headaches is not known. Similar pain can be produced by stretching some of the arteries in the head, but no one knows what should cause something like this to happen.

Heredity Involved

One thing that does seem quite certain is that heredity plays a part in most people with migraine. This heredity, or family tendency, seems to be in the form of a susceptibility.

The whole problem of treating migraine is difficult. The attacks occur at irregular intervals and are not completely curable. In general, treatment is aimed at the individual attacks and their prevention.

A drug, usually given by injection, frequently brings relief if taken early enough. In such cases it is reported to relieve the headache within an hour in four out of five cases.

The prevention of attacks is often complicated. Migraine is common in people with tense driving personalities. When such people become fatigued they are particularly liable to attacks. They must learn to live with themselves and avoid doing those things which bring on migraine—at least as much as possible.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will

WATCH COLLECTION ON TOUR

New York.—(P)—A collection of watches, containing some of the oldest and rarest creations of Swiss artisans, is now on a tour of the United States after a showing in New York City.

One of the world's most complicated timepieces is valued at \$15,000. Five years were required to complete it. It has two faces, contains nearly 800 parts, and embodies a perpetual calendar and an automatic recorder for leap year; a celestial chart of visible constellations for every hour; phases of the moon; sidereal (star time) indicators and a split second stopwatch mechanism.

The original stem-winding watch, made in 1846, is also part of the collection.

Mr. and Mrs. Parke Smith and son Donald of Decatur spent the first of the week at the home of Mr. and Mrs. Seibert Quinley.

Mrs. William Freitag, who returned to her home in Delphi, Ind., after a few weeks visit here with her father, J. J. Newell, who has been very ill in Our Saviour's hospital, immediately returned with her husband, William Freitag, who was quite ill, and was taken to St. John's hospital, Springfield, where he underwent an operation Wednesday morning. Mr. and Mrs. Freitag are former Ashland residents.

THRIFTANE STORE OPENS

A new appliance store was opened Thursday morning by the Thriftane Gas company in the modernized building at 313 West State street.

Special merchandise awards will be made at 9 p.m. each evening to the people who have visited the new store sometime during the day. The hardware dealers through six dis-

grand opening will end tomorrow night, when a special award of a 1949 Norge gas range will be made. Pliances on sale in the new store. For the past several weeks the interior and exterior of the building and Miss Kathryn Sargin, home economist, is giving food preparation demonstrations each hour.

HUSBANDS NO LONGER HANDICAP BANK EMPLOYEES

London.—(P)—The girls who work for the Bank of England have won a point—they may be married without losing their standing as permanent employees.

The court of directors relaxed a rule of thirty years' standing which provided that women employees on marriage assumed an "inactive" status, subject to dismissal as staff needs fluctuated.

Now they can keep their bank jobs, husbands notwithstanding.

Pictured here, Mr. Kaiser demonstrates

the **2-cars-in-one Kaiser Traveler**
world's most useful car...\$2088*

"Here's how we've put 'two cars

in reach of every American family."

Henry J. Kaiser, Chairman, Kaiser-Frazer Corporation

Mr. Kaiser says: "Salesmen, farmers, small businessmen...every thrifty, 1949 American likes to ride in style, but needs a roomy cargo-carrier, too.

"So we designed the Kaiser Traveler, 2-cars-in-1. It's a big sedan seating 6 in sofa comfort, on a 123 1/2 inch wheelbase.

"You change the Kaiser Traveler into its 'overalls' in only ten seconds. You use no tools, no bolts. Just fold down the rear seat, open the hatch, drop the tail-gate, and there's a 10-foot steel-shod cargo compartment. With 3 passengers, it gives over 130 cubic feet of cargo space. With 6 passengers, over 78 cubic feet. That's lots of room!

"And there's plenty of power for any job. The quiet, giant-sized Kaiser engine is a real gas-saver, with its highest compression ratio of 7.3-to-1.

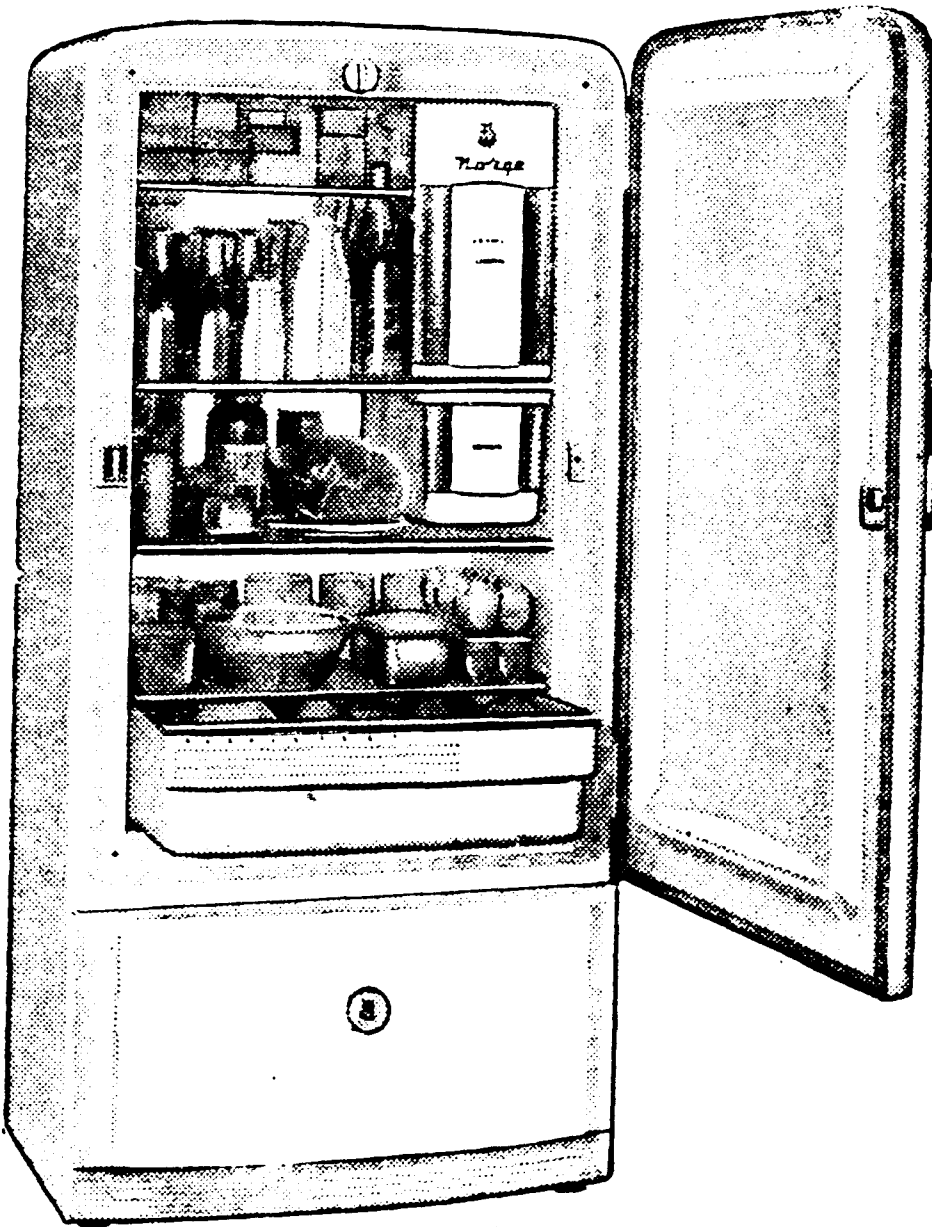

"Now why buy any car that is less useful when the Kaiser Traveler costs only \$2088? Write me what you think about it. Address me, Henry J. Kaiser, at Willow Run, Michigan."

Swing Master's 4-H Club Formed In Greene County

Carrollton—The organization of the Kane Swing Master's 4-H club was conducted by 12 members, under the direction of Mrs. Gussie Frazier, Greene county youth assistant.

Officers elected were Delos Turner, president; Miss Frances Gibson, vice president; Miss Gloria Hanks, secretary and treasurer; Miss Maxine Johnson and Bill Rainwater, members of the recreation committee, and Jimmie Crockett, reporter. The next meeting will be June 2 at 2 p.m.

Mrs. Frazier also met with the Patterson Parsy 4-H club Monday evening at the home of Miss Naomi Coker, with eight members and two guests present. Mrs. Frazier presented the 4-H club program for the year and Miss Shirley Bain gave a talk on "Accident Prevention" and Raymond Coker discussed Five Prevention. Miss Marilyn Bain and Raymond Coker were named as delegates to the Greene County 4-H club federation. The next meeting will be Friday, June 3, at 7:30 p.m. at the William Fry home.

Patterson Friends Hear Of Contest

Patterson—Mrs. Verna Doyle and other relatives and friends here have received word of national honors won by Mr. and Mrs. Edward Tegtmeyer of Belleville, in a menu contest, sponsored by the General Foods corporation.

Mr. and Mrs. Tegtmeyer are owners and operators of the Bismarck Cafe in Belleville. The couple received their prize for a breakfast menu.

The prize includes a round trip air transportation, to New York, hotel reservations for five days and tickets to all official convention functions, plus \$200 in expense money.

Mrs. Tegtmeyer is the former Miss Frances Doyle, daughter of Mrs. Verna Doyle of Patterson.

Mr. and Mrs. Everett Taylor were Monday evening supper guests of Mr. and Mrs. Ewell Arnold and family of Jacksonville.

Jackie, Dennie and Mickey Dawdy of Winchester spent Sunday with Mr. and Mrs. C. H. Dawdy.

More Bathtubs Cool Americans

New York—(AP)—Although millions of Americans will crowd resorts this summer for cooling dips in oceans, lakes or rivers, the nation's favorite cooling-off spot will still be right at home—in the bathtub.

More than 1,900,000 bathtubs were produced in this country last year. Most of them went into American homes, say a Title Council of America report on postwar home-building. Each new tub will be used daily by an average of three persons, it adds.

There are still 13,000 bathless homes in America and 8,000,000 without running water. Only 67 per cent of the nation's dwellings have private baths.

Sir Stafford Acquitted In Coin Trial

London—(P)—Chancellor of the Exchequer Sir Stafford Cripps was hardly aware of what was going on, but he was tried recently on a serious charge. He was accused of skimping on metal put into British coins, or slipping in some cheap substitutes for silver and gold.

It was a hang-over from history, known as the trial of the pyx. It started in the year 1281, and was necessary in those days to make honest men of masters of the mint.

A jury of the Goldsmiths' complicity of the trial, even now that Britain mints no gold, and has ceased putting silver into its coinage.

The pyx is a box and it has been standing in the mint since the 13th Century. In it are deposited samples of the coinage and at regular intervals the Goldsmiths' jury examines it.

The king's remembrance, an official and complicated and obscure duties, swears in the jury and names the defendant. This year he was Sir Stafford, who as chancellor is administrative head of the mint. In olden times the suspicious goldsmiths tested the metal, weighed the coins and made certain in other respects that the kingdom was getting honest shillings and sovereigns. The verdict was then delivered to the remembrance and all concerned had a banquet. This year it was a luncheon.

Although gold and silver isn't being used any more, the trial this year was more than a formality. It engaged the attention of experts for some weeks because Britain has changed its coinage and this year close attention was given to the design of coins, standards and the precise nature of the cupro-nickel alloy that now passes for silver.

The jury also passed on the coinage of New Zealand and Southern Rhodesia.

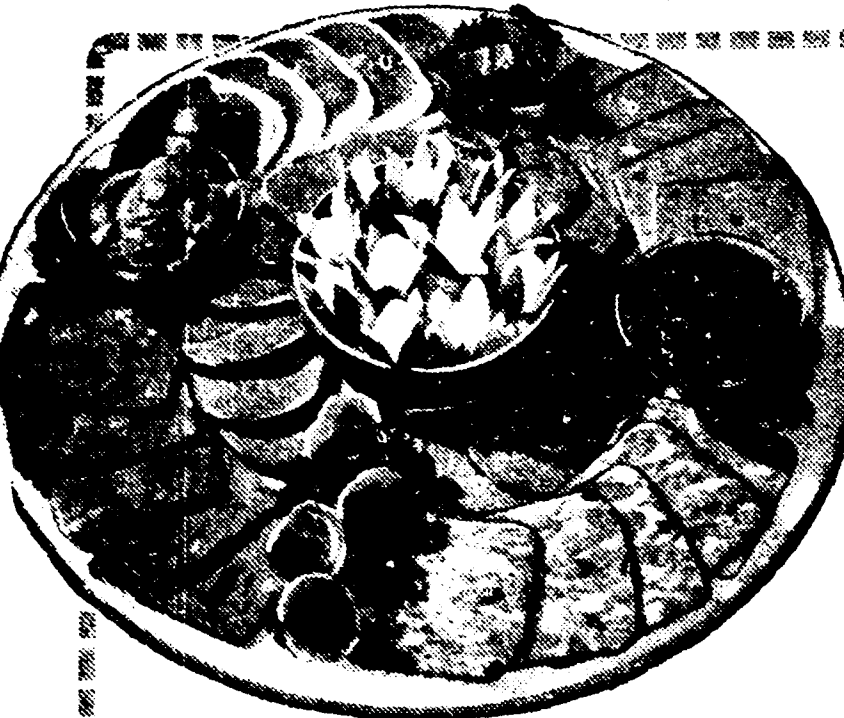

Sir Stafford, who was in Paris on state business, was acquitted. It's honest cupro-nickel in these shillings, and they are full weight.

The human eyeball has three coats serving three purposes: protective, vascular and sensory.

Winchester Women Honor War Dead With Purchase

Winchester—A certificate signifying the purchase of an acre of pines for the Illinois Memorial Forest in memory of the Winchester boys who gave their lives in World

War II, was presented to the Winchester Women's club at its annual May breakfast Monday at the Legion home.

Miss Bertha Miner awarded the certificate on behalf of the literature and civics department. Announcement was also made that the club had collected over \$200 in the recent cancer drive.

Mrs. Harold Hunter of Griggsville, president of the 20th district, gave a brief report on the national convention of federated clubs held recently in Hollywood, Fla. Mrs. Mazy C. Smith reported on the progress of the club project, which is beautifying Monument Park.

Mrs. Oren Robertson, retiring president, was presented with a gift in appreciation of the faithful work she has done during the past three years. Mrs. Marvin Thelen, the incoming president, was introduced. Mrs. Frank Schriver of Virden presented an interesting review of the book "It Gives Me Great Pleasure." It was Mrs. Schriver's fourth appearance in Winchester.

The Republic of Brazil is bounded by all except two of the South American republics as well as the three Guianas.

Moscow Has Traffic Problems

Moscow—(P)—There are now so many automobiles in Moscow that many traffic problems are arising. There are even on occasions traffic jams of brief duration. While they last they are very much like traffic jams familiar to American drivers.

Horns honk interminably. Impatient drivers try to cut in to another line with resulting arguments. Tired traffic policemen do their best to straighten out the resulting situations.

With the increase in cars in Moscow there are more and more amateur drivers.

One must have a driver's license of a type depending on one's driving. To acquire an amateur's license one must study and pass an examination.

The Roman citizen of the First Century A. D. had about twice as much water delivered in the city for his use than had the citizen of Glasgow in 1928, according to one estimate.

APPEAR IN ATOMIC PROBE

Top members of the Atomic Energy Commission (left to right) Chairman David E. Lilienthal, Sumner Pike and Lewis L. Sioux City Fertilizer Going Back To Land

Sioux City, Ia.—(P)—Sioux City is moving a mountain of manure covering a 12-acre area and ranging depth from 20 to 35 feet. One of the country's busiest stockyards is located here.

An estimate has placed the value of the manure pile at \$10,000,000. It contains an estimated 1,500,000 to 2,000,000 tons of dung, accumulating over about 40 years. The estimate was made by the department of agronomy of Iowa State College at Ames. A chemical analysis showed a nitrogen content valued at \$1.60 to \$2.50 a ton and other chemicals—ammonia, phosphate and potash with an equal value.

Why would such a valuable pile of fertilizer accumulate in these post-war days of a shortage of commercial fertilizer? Stockyard officials said the chief reason had been the high fertility of soil in the Sioux City area.

With the end of the war, the government stressed a program of rebuilding the soil from which so much had been taken out during the war. The Sioux City Stockyards Co. encourage the removal of manure. They made draglines available for loading the trucks. Signs were posted suggesting to livestock truckers that they take along some manure as a paying return-trip load.

Last summer, the manure pile began to dwindle a little. The pace has been stepped up this year. Between 200 and 500 trucks a day are being loaded. It is estimated 35,000 truckloads of manure will be hauled away this year. Even at this rate it will take several years to clear away what some claim is the biggest manure pile in the world.

Rat Poison Brings Rat Plague

Oslow—(P)—In Hunsbygd, a district in southern Norway, health authorities had decided that rat poison should be distributed to all farms in the district.

When two experts arrived at one farm one day, the owner objected to the poison, saying that his four cats easily managed to keep all rats away from his farm. He let the poison experts do their job, however, after they insisted.

His four cats died after they had eaten the poison. The result is that the farm is now flooded by rats and mice.

Proctor used to wear himself out stooping over to milk his 20 cows each day. He thought up the idea of building a ramp around his barn high enough so that when he has to milk all he does is reach out and attach electrical squeezers. Everything is set—with no back bending.

The old method requires one bend to wash off each cow's set of udders; another to attach the electrical milking machine and a third to remove the mechanical apparatus. That's six squats per cow per day. Since Proctor milks an average of 20 cows twice a day for 10 months, that represents 36,000 stoops he now saves each year—or so he figures.

IT SHOULDN'T HAPPEN TO A DOG!

Singapore—(P)—Ten shots to kill a stray dog, complained a citizen, is a form of cruelty to animals, a waste of ammunition — and something should be done about it, he told the Singapore Rural Board.

The chairman listened sympathetically, but ruled that "only so much efficiency" can be expected from a dog-shooter who gets only \$12 a month.

Local Troubles Plague Two Indian States

By R. SAKAKOPAN

New Delhi—(P)—Two years of independence have brought India and Pakistan to a crisis in their one-party systems. A reorganization of some kind probably will have to be made if the ruling parties, the All-India Congress in India and the Muslim League in Pakistan, are to survive.

The central government of New Delhi and Karachi are sound and policies and corruption upset provable. But in the provinces government flounder in tangles of personal feuds, maladministration western Pakistan. A succession of

group cleavage and corruption, especially in those near the border between the two new countries.

A series of failures to form a stable ministry in West Punjab forced the Pakistan government to authorize the British governor, Sir Francis Mudie, to run the administration himself, even without advisers.

In East Punjab, the Indian government may be forced into equally drastic move.

The main impulse of the strength and unity of both the Congress and the Muslim League vanished Aug. 15, 1947, when Britain quit India. The rank and file of party members thought the time had come to compete for political spoils. Local rivalries, personal bickerings, pressure from the provinces.

The first scandal was in Sind, in maladministration western Pakistan. A succession of

ministries collapsed. One Sind premier, M. A. Khurro, was tried for corruption and abuse of power, and convicted.

In India a similar situation arose in Vindhya Pradesh, a new union of princely states. The central government had to intervene, dismiss the ministry and ask the prince heading the union government to take the government in his own hands.

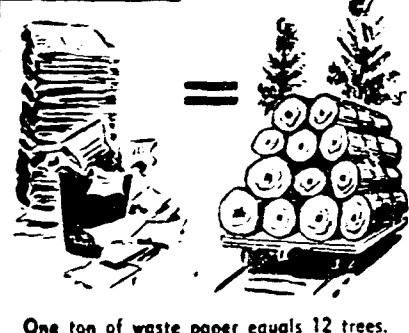

SOAK THE RICH

Paris—(P)—Harder economic conditions for the rich seem reflected in a Paris press report that the network of state-controlled pawnshops will soon be extended to more wealthy districts of the city, where they expect to receive mainly luxury goods such as jewels and furs.

ADVERTISE—IT PAYS

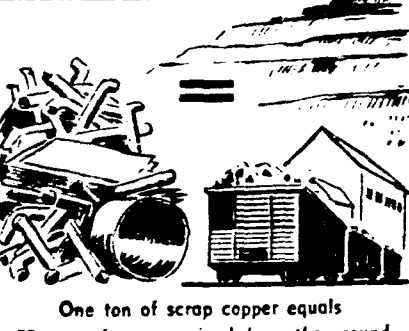

'Waste Not ...'

PAPER

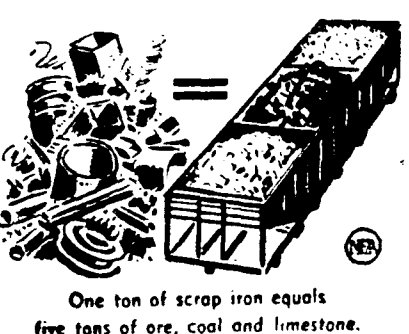

One ton of waste paper equals 12 trees.

COPPER

One ton of scrap copper equals 50 tons of copper mined from the ground.

IRON

One ton of scrap iron equals five tons of ore, coal and limestone.

Americans have long been notorious as a wasteful people. After long war years and heavy peacetime production, future natural resources face a danger point of depletion. Efficient use of our vast tonnage of scrap will help conserve them. This Newschart gives the equivalent of paper, copper and iron scrap in actual natural resources, according to the National Association of Waste Material Dealers.

COWBOY HAS HIS UPS AND DOWNS

Lawton, Okla.—(P)—Cowboy Jack Howenstine of Cache, Okla., is going to stick to his bucking bronchos.

He entered the self-service county court house elevator and pressed the button to go to the second floor. The elevator then shot up to the top floor where the jail is housed.

Howenstine quickly jammed the button to go down to two—and the elevator didn't stop until it got to the basement, where it got stuck. After some fancy yelling, bystanders gave the cowboy instructions for getting out.

Some fish catch insects by shooting them with a jet of water.

Pakistan Border Causes Trouble

New Delhi, India—(P)—Afghanistan and Pakistan are fighting a propaganda war over a strip of tribal territory which gave the British no peace during their reign in India.

The area, known as "Tribal Territory" or "Independent Territory," lies along the so-called Durand line between Afghanistan and Pakistan. The question of whether the territory should become part of Pakistan, be independent, or join Afghanistan has severely strained relations between the two Muslim nations. Informal sources say the severance of diplomatic relations may result and that the possibility of an armed clash cannot be ruled out entirely.

No one has ever controlled the Pathans. While the British held India, military outposts were maintained within tribal territory and attempts were made to keep the Pathans at peace through bribes. Frequently, however, British officials were abducted and killed, which called for punitive action. Another concern of the British was to prevent the tribesmen from staging raids into India proper.

Recently, Pakistan's governor-general, Khawaja Nazimuddin, declared the tribal areas an integral

part of Pakistan, a statement which upset the Afghans.

Landlocked Afghanistan also renewed its demand for an outlet to the sea through Pakistan. "Anis," the semi-official newspaper published at Kabul, Afghanistan's capital, suggested that the question of tribal independence and the matter of the outlet be placed before the United Nations.

Observers say the propaganda campaign may subside, as others have in the past. However, they add that the tribal territory probably will be a cause of bitter argument for years to come.

The brain-fever bird is a species of Indian cuckoo. Its name is taken from the suggested effect of its call.

Russia Hails Newspaper Growth

Moscow—(P)—The Soviet Union now has 7,200 newspapers. They appear, according to a lead editorial in the newspaper "Pravda," in a total edition each time they come out of 31 million copies.

The Soviet Union this year celebrated the 37th anniversary of the first "mass" edition of "Pravda" itself—the organ of the Bolshevik Party—as "Bolshevik Press Day."

"Izvestia" on this occasion stated that before the revolution there were in Russia altogether 859 newspapers with a total one-time edition

of 2.7 million copies.

Newspapers are now published in 80 languages of peoples of the USSR in the Soviet Union, including 20 languages which were not written languages even before the revolution. This compares with 24 languages in which newspapers were issued in imperial Russia.

FORMER MAYOR NOW FULL TIME MOTHER

East Carondelet, Ill.—(P)—Mrs. Dorothy Pugh came up with a different reason for not choosing to run again.

She was mayor for more than a year, but did not run again because "you can't watch a town and a baby at the same time." Now her small son, Jerry, gets her full attention.

India Studies

Mineral Problem

New Delhi, India—(AP)—Independent India is giving its mineral wealth attention it has never received before. Exploratory work is being pushed through the expansion of existing agencies and the creation of new ones. Plans are being studied for the processing of larger quantities of minerals in this country. A broad national mineral policy has been drawn and legislation has been passed giving the central government powers over the development and control of mining in the provinces.

Minister of Works' Mines and Power N. V. Gadgil is particularly interested in plans to increase facilities for processing minerals within the country. He says that nearly 50 per cent of India's imports of minerals are of goods manufactured from minerals mined in India.

India is not exceptionally rich in minerals. M. S. Krishnan, director of the Bureau of Mines, describes known resources as "very moderate, in size and variety" when taken in relation to the area and population.
